to be become druggists was to a great extent professional and it was desirable to raise the standard of the future members of the association. He pointed out other reasons for the proposal and showed that it was looked upon by medical men and officers of the university who had been spoken to on the subject as a feasible and practical proposition.

The president closed an interesting and instructive address by thanking the association for the office he had the honor to hold for the past two years and for their presence and support in the present instance.

Mr. J. F. Howard, treasurer of the association, also addressed the meeting and advocated that steps should be taken to bring about affiliation with the Medical College.

The association then proceeded with the election of a council for the next two years, Mr. Wilson, Mr. Wheeler and Mr. Rogers acting as scrutineers.

After counting the large number of votes which had been received from the members throughout the Province, the scrutineers announced the following seven gentlemen as receiving the highest number of votes: Messrs. J. F. Howard, W. J. Mitchell, B. M. Canniff, G. W. McLaren, N. J. Halpin, A. Monckton, E. Casselman. The President

thereupon declared these gentlemen elected as the council of the association.

After the transaction of some general business and a vote of thanks to the scrutineers having been passed, the meeting adjourned, on the invitation of the President, to Clougher's, where an oyster supper was indulged in, followed by speeches and songs. Mr. Rogers' good and well told stories contributing largely to the pleasant time which was enjoyed by all present. - Exchange.

Prescription Queries Invited.

We invite correspondence from any of our readers who may receive difficult prescriptions or formulae, either as requests for the solution of difficulties or calling attention to anything of the kind which may come under their notice. Any queries, if received by the 1st of the month, will be answered in the issue of that month. This has been found to be one of the most useful and interesting parts of some of the older drug journals, and we hope to make this equally interesting to our readers, and nearly every druggist in Canada can do something towards furnishing something instructive for his fellow druggist.

A man who isn't a Q. C. or hasn't got the La Grippe these days is a pretty small nubbin.
