

scrofula

Any doctor will tell you that Professor Hare, of Jefferson Medical College, Philadelphia, is one of the highest authorities in the world on the action of drugs. In his last work, speaking of the treatment of scrofula, he says:

"It is hardly necessary to state that cod-liver oil is the best remedy of all. The oil should be given in emulsion, so prepared as to be palatable."

He also says that the hypophosphites should be combined with the oil.

Scott's Emulsion of cod-liver oil, with hypophosphites, is precisely such a preparation.
