

THE HOUSEHOLD.

WHAT SHALL BE DONE WITH OUR FRAYS?—Scald them in a tinned syrup made of coffee sugar, and then dry them. They will be found equal to the best imported figs.

Iron rust, it is said, may be removed by tying a little cream of tartar in the stained spot before putting the cloth to boil. If this does not succeed, dilute lemon juice with equal parts of salt and starch, add some soft soap, apply the mixture to the cloth and lay it in the hot sun. Renew the application several times.

Tomato Toast—Take one dozen large ripe tomatoes, pare and slice them; put in a stew pan over a moderate fire; add pepper and salt to taste; toast two slices of bread, butter them, and lay it in the bottom of a deep dish, and pour the tomatoes over it.

When molasses is used in cooking it is an improvement to boil and skim it before you use it. It takes on the unpleasant, raw taste, and makes it almost as good as sugar.

Boiling water will remove tea stains and many fruit stains; pour the water through the stain, and thus prevent it from spreading over the fabric.

To keep raisins or other small fruits from going to the bottom of cakes and puddings, roll them in dry flour till they are well covered with it.

Lamp wick soaked for a quarter of an hour in vinegar, and then dried before being put into a lamp, will not smoke. Try so simple a cure.

Ripe tomatoes will remove ink and other stains from white cloth and from the hands.

SPECIAL NOTICE.—The Pianos manufactured by Weber & Co., of Kingston, Ont., are acknowledged to rival the best imported instruments in durability and elegance of finish, while in delicate evenness of touch and purity of tone they are unsurpassed by any other.

LUBY'S FOR THE HAIR

There are persons who, having made use of various preparations without obtaining any satisfactory results, will be inclined to condemn the use of LUBY'S PARISIAN HAIR RESTORER. To them we can, in all confidence, state that "not a single" instance do we know of where LUBY'S preparation has been employed but that it has been a perfect success, and no further testimony of its merits need be offered them than the approval it has met with from hundreds of our citizens who are now daily using it.

Used as an ordinary dressing for the hair, its valuable properties are to restore gray hair to its natural color, which it certainly does, and without any injurious effect whatever; cures irritation and itching of the scalp, and leaves the hair clean, cool and free from dandruff. One thing is certain, that its balsamic properties are such that it strengthens weak hair and checks its falling out.

LUBY'S does not soil the pillow-slips. Those who have used LUBY'S speak well of it; those who condemn it know nothing of it. Sold by all Chemists and Perfumers, in large-sized bottles, at 50 cents each. Wholesale by Lyman Sons & Co.; Kerry, Watson & Co.; H. Sugden Evans & Co.; H. Haswell & Co.
