MONTREAL.**Mercantile Summary.**

At Qu'Appelle, in the far West, J. B. Milliken, harness-maker, finds the sheriff in possession of his premises. —Farther west still, in Victoria, B.C., S. J. Martin, a general dealer, has assigned.

THE senior partner in the Canada Patent Brush Co., at Windsor, has been in England for some time in quest of a purchaser for his patents. This mission has entailed considerable expense to the firm, and its affairs are such that a compromise is being, or has been, arranged at 20 cents on the dollar.

THE Dominion Line steamer "Vancouver," which left Liverpool on the night of Thursday, May 28th, and reached Quebec on the night of June 5th, made a fast passage considering that the Straits of Belle Isle were at the latter date packed with ice. She brought 55 saloon, 80 intermediate, and 350 steerage passengers.

MR. P. McMANN of the Traders' Bank branch at Drayton, has been promoted to the Tilsonburg branch. The offices are in the old building formerly occupied by the Federal Bank. Mr. McMann is refitting them, and when finished they will make quite an improvement in that part of the town, which was very much needed.

McCOLL Bros., the well known manufacturers of lubricating oils in this city, have acquired the Toronto business of the Empire Oil Co., of London. — J. H. McMechan has purchased the business of the London Soap Co., in London. — Mr. W. G. A. Lambe has disposed of his storage business to Jno. Davidson. The former continues to deal in sugars, etc., in this city.

A COMPANY, to be known as the British Columbia Paper Company, has been formed with a capital of \$40,000, to make paper from wood pulp. The company have already made arrangements, for the necessary machinery, which will be shipped immediately to Alberni Rapids, the point at which the works will be located. Most of the stock has been subscribed, we are told.

A SINGLE black walnut tree in West Virginia was sold recently to a New York veneer house for \$2,000. Land-owners in other Southern States, who have sold similar trees at \$1 apiece in recent years, should now fertilize the stumps and build stone fences around them to keep cattle off the sprouts—which will be valuable some day, when they grow up. This the *Charleston News* calls "eleventh hour wisdom."
