BYAM'S  
Improved "Common Sense"  
SASH BALANCE.  
LOCKS AND LIFTS.

This only practical substitute for weights invented. The most durable, the cheapest and best device for all ordinary window. Balances when in position are entirely out of sight. No rivets, bolts or screws are used in putting it together so that nothing can get out of order or need repairing. No cutting, boring or marring of the sash, as the Balances are let into the jamb. Especially valuable for repairing old buildings as they can be put in at a trifling expense, as easily cut in old buildings as new ones. Sash can be removed from frame in a moment for cleaning or repairing broken glass. Can be used where it is impossible to use weights or other fixtures. No unsightly cord wearing point off side of frame. No rattling of sash as pressure against sash prevents it. No rattling of weights or pulleys when sash is raised or lowered. No sticking of weights in frame. No cords to rust off, wear out and break. No roller rollers to become flattened by standing in one position for some time. No flimsy coil spring or delicate mechanism to break, wear out or get out of order. Its simplicity of construction and operation is the wonder of all.

Byam's Automatic Sash Locks (self fastening) and Sash Lifts or upper and lower sash are the best and cheapest in the market.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tenders for Lieut.-Governor's Residence, Regina, N. W. T." will be received at this office until Friday, 8th March, 1889, for the several works required in the erection of Lieut.-Governor's Residence, Regina, N. W. T.

Specifications can be seen at the Department of Public Works, Ottawa, and at the office of Mr. J. Peters, Clerk of Works, Regina, on and after Friday, 8th February, 1889, and tenders will not be considered unless made on form supplied and signed with actual signatures of tenderers.

An accepted bank cheque payable to the order of the Minister of Public Works, equal to five per cent. of amount of tender, must accompany each tender. This cheque will be forfeited if the party decline the contract or fail to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,

A. GOBBEL,  
Secretary.
