Barrett Specification Roof on St. Denis Substation, Montreal Tramways Co., Montreal. Roofers, Geo. W. Reed & Co., Limited. Gen. Contractors, Engineering & Construction Co., Limited, Laurin & Leitch, Montreal

Free Roof Insurance for 20 Years

You are proud of that new plant—proud of its modern construction, its efficiency, its output. It represents a big investment of money and enterprise.

Of course it is insured against fire. But how about the roof? Is your investment there insured?

If you cover your building with a Barrett Specification Roof you will get such insurance in the shape of a 20-Year Guaranty.

Our experience has proved that a roof laid strictly according to The Barrett Specification will last much longer than twenty years without repairs of any kind, and our new plan of issuing the 20-Year Surety Bond Guaranty gives owners the benefit of that experience.

Here is our offer:

On all roofs of fifty squares or more, in all towns of 25,000 or more, and in smaller towns where our Inspection Service is available, we will give

A copy of The Barrett 20-Year Specification, with roofing diagrams, sent free on request.

a 20-Year Surety Bond Guaranty, provided the roof be laid strictly according to The Barrett Specification of May 1, 1916, and by a roofer approved by us.

This bond exempts the owner from all expenses of maintenance and repairs for a period of twenty years.

We claim only the right to have an inspector on the roof during construction to insure strict compliance with the Specification.

The risk is ours, the gain is yours.

Leading architects, engineers, and roofing contractors throughout the country are familiar with and indorse our plan.

A line to our nearest office will bring any information you may desire concerning this proposition.
