

## A TRENTON MIRACLE.

## A Remarkable Cure in a Case Pronounced Hopeless.

AN ESTIMABLE YOUNG LADY RAISED FROM A DEATH-BED AFTER BEING GIVEN UP BY SEVERAL DOCTORS—A SIMPLE STATEMENT OF FACTS.

Trenton Courier.

At intervals during the past year the proprietor of the Courier has been publishing newspaper reports of miraculous cures occurring in various parts of Canada and the United States. Perhaps among the most notable of these were the cases of Mr. John Marshall, of Hamilton, Ont., Mr. C. B. Northrop, of Detroit, Mich., and Mr. Chas. A. Quant, of Galway, N. Y. Mr. Marshall's case was more prominently fixed in the public mind by reason of the fact that after being pronounced incurable by a number of eminent physicians he was paid the \$1000 disability claim allowed by the Royal Templars of Temperance, and some months afterward was announced his almost miraculous restoration to health and active life. The case of Mr. Northrop created equally as profound a sensation in Detroit, where he is one of the best known merchant in the city. Mr. Northrop was looked upon as a helpless invalid, and could only give the most desultory attention to his business on days when he could be wheeled to the store in an invalid's chair. In his case the same simple, (yet wonderful) remedy that cured Mr. Marshall restored Mr. Northrop to a life of active usefulness. The case of Mr. Chas. Quant is perhaps the most marvellous of all, inasmuch as he was not only perfectly helpless, but had had treatment in one of New York's best hospitals under such eminent medical scientists as Prof. Ware, and Dr. Starr, and in Albany by Prof. H. H. Hun, only to be sent out as incurable and looked upon as one who had but a few months before death would put an end to his sufferings. Again the same remedy which restored Mr. Marshall and Mr. Northrop was resorted to, with the same remarkable results, and to-day Mr. Quant, restored to health, anticipates a long life of usefulness. The remedy which has succeeded, where the best physicians had failed, is Dr. William's Pink Pills for Pale People—and a name that is now a familiar household word throughout the continent—and a remedy that apparently stands without a rival in the annals of medical science. Having published, among others, the cases above alluded to, the curiosity of the publisher of the Courier was aroused and he determined to ascertain if the use of Pink Pills had benefited by the use of Pink Pills. In conversation with Mr. A. W. Hawley, druggist, he was told that the sale of Pink Pills was remarkable, and steadily increasing. And Mr. Hawley gave the names of a number within his own observation who had been benefited by the use of this remedy. Among others Miss Emma Fleming, grand-daughter of Mr. Robt. Young. It was stated that Miss Fleming, had been raised from what was supposed to be her death-bed, after all other remedies and physicians had failed, by the use of Dr. William's Pink Pills. This statement was so startling that the Courier determined to investigate it further, and if true set the facts before the public for the benefit of other sufferers. Mr. Robt. Young, grandfather of the young lady was first seen, and in a reply to an enquiry said it was a miracle the manner in which these pills had restored his grand-daughter. As a last resort, and with a prayer in his heart, he had purchased a box of Pink Pills at Mr. Spaulsbury's drug store, and so much good resulted that the remedy was continued until his grand-daughter was as well as ever she had been. Miss Fleming's aunt was next seen and she corroborated what had already been told the Courier, giving as well some additional particulars. Miss Fleming was next seen, and we must confess to being surprised, and at first somewhat incredulous that this young lady in the bloom of womanhood and health, was the person whom we wanted to interview. Miss Fleming, however, soon convinced us that it was she who was so miraculously saved from death, and cheerfully assented to give a statement of her case. Her father, she said, was for years ill under Mr. Spence, and afterwards at Gordon's mills, near Trenton, and is now miller at Union. Three years ago Miss Fleming's mother died of consumption. Up to four years ago Miss Fleming stated that she had enjoyed good health, but taking a severe cold then she had not had a well day since, until she began the use of Dr. William's Pink Pills last December. She was reduced in weight to 90 pounds, but now

weighs 111 pounds; a gain of 21 pounds. She consulted a number of doctors and took their remedies, but never obtained more than temporary relief. A physician at Newmarket whom she consulted said she was going into a decline and that he could do nothing for her. Her Trenton physician said that a sudden cold would go to her lungs and he had no hope of her ever getting better. She felt very miserable, strength continually failing, suffered so much distress from food that she had no desire for it and lost all appetite. She kept continually growing worse until last fall she was not able to stand without support, and gave up all efforts to help herself. In December she was taken with inflammation of the bowels and Dr. Moran was called in. He gave her medicine that relieved her and cured the inflammation, but her strength was gone and she had to be lifted in and out of bed and could not sit in a chair at all. She had taken her bed expecting never to rise again, and this was the opinion of all her friends. It was at this juncture that her grand-father, having read in the Courier of the wonderful cures effected by Dr. William's Pink Pills, and as a last resort purchased a box, and urged his grand-daughter to take them. Miss Fleming had been before this recommended by a friend in Toronto to try Pink Pills, but declared she had no faith in them. Now, however, to please her friends she consented to take the Pink Pills; on the seventh day after beginning the use of the Pink Pills, she was able to walk down-stairs, and has not gone back to a sick bed since. The effect upon her system was truly marvelous. Her appetite was gone, strength gone, prostrate upon her supposed death-bed, in seven days she was able to walk down-stairs, feeling renewed strength and a better appetite than ever before. Miss Fleming continued the use of Pink Pills, daily gaining health and strength, until she was able to take part in the household duties without the least injurious effect. Miss Fleming still continues to take one pill after each meal, and now feels as well as ever she did in her life. She feels truly grateful for what this great remedy has done for her, and only sense of gratitude enables her to overcome her modest scruples in giving this testimony to the wonderful virtues of Dr. William's Pink Pills for Pale People.

Miss Fleming has recommended Pink Pills to a number of lady friends who say they are doing them much good.

A further investigation revealed the fact that Dr. William's Pink Pills are not a patent medicine in the sense in which that term is usually understood, but are a scientific preparation successfully used in general practice for many years before being offered to the public generally. They contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, over-work or excesses of whatever nature.

These pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ontario, and Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred) and the public are cautioned against numerous imitations sold in this shape at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

## When You are Asked to Receive.

If one of your women friends asks you to receive with her at any function, she has a definite reason for so doing. She doesn't expect you to stand with her all the afternoon and do nothing but greet and dismiss guests—that is her special privilege as hostess. The unwritten law for those who are asked to receive with the hostess is otherwise. It is their part to do what the hostess, who is busy with incoming guests, can not do. These assistants may at the first stand in the line with the hostess until the rooms begin to be filled; then they should gradually withdraw, leaving only one of the number to act as special assistant to the hostess, and it should be their special mission to break up the stiff little pauses following introductions, to see that isolated and timid people are brought among those who have the most *savoir faire*, to invite guests out to the dining-room and see that they are properly served, to make the stranger feel especially welcome, to break up little groups of intimates—in short, to diffuse a sweet and gracious courtesy everywhere, to make every guest feel that he or she is an object of special consideration, to do what no hostess, no matter how fine her fact, can accomplish, because she can not make a dozen people of herself all at once.

## A Big Deal.

\$250,000 PAID FOR A HALF INTEREST IN THE TRADE MARK OF DR. WILLIAM'S PINK PILLS FOR THE UNITED STATES.

The brilliant reputation achieved by Dr. William's Pink Pills in Canada has not only extended to the United States, but has led to an important business transaction. One of the best known American proprietary medicine houses, the head of which is the president of a leading National Bank in New York State, has recently purchased a half interest in the trade mark of the Dr. William's Medicine Co., for the United States only, for which, we understand, the consideration was \$250,000. This sale is probably the first instance in which an American institution has purchased an interest in a Canadian remedy, and offers the very best proof of the sterling merits of Dr. William's Pink Pills, as we may be sure that the American capitalists, before venturing so large a sum in the half interest of the trade mark, fully investigated and verified the claims made for the remedy. It is a tribute too, to Canadian medical science, which has brought to perfection this remarkable medicine.

## SPECIAL OFFER.

In order to introduce our

## Inhalation - Treatment

We will cure cases of

## \* CATARRH \*

Free of all charge. All that we ask in return is that each patient, when cured, will recommend the treatment to other sufferers. For free cure apply without delay. We have hundreds of testimonials from all parts of Canada. In no form of disease is the wonderful potency of Medical Inhalation better seen than in the treatment of Catarrh. By means of the

## GERMICIDE INHALER

We send the proper medicinal agents directly to the seat of the disease, destroying in a short time all ulceration and inflammation. Under its influence the irritated surface is soothed and healed, and the discharge rapidly diminishes. This seems too good to be true, but true it is, as hundreds in all parts of Canada can testify. What more rational method can there be of reaching and healing the diseased air-passages than by the use of the proper medicinal and chemical substances inhaled into the cavities. Those who prefer to write to some of the patients who have been cured can correspond with the following: Rev. J. S. Norris (late of Toronto), now pastor of First Congregational Church, Parkersburg, Iowa; Mr. Douglass, conductor, 11 Ontario street, Toronto; Mr. T. Mills, 29 Christopher street, Toronto; Mr. J. A. McNair, surveyor, 800 Seaton street, Toronto; Mr. W. E. Fever, Schau, Ont. Enclose a three cent stamp for reply. In the past two years we have treated over 300 cases of Catarrh free of all charge. It has paid us well. Neighbor tells neighbor, and friend tells friend of our success. If you have Catarrh do not fail to call or write. Address:
