PARLIAMENTARY SECRETARY EYKING TO RELEASE RESULTS OF STUDY ON CANADA-INDIA COOPERATION

Mark Eyking, Parliamentary Secretary to the Minister of International Trade (Emerging Markets), will speak at the release of a groundbreaking study on Canadian cooperation with India in science and technology, to take place on November 24.

Commissioned by Foreign Affairs Canada, International Trade Canada and Industry Canada, this study provides a comprehensive overview of existing public-private research and development linkages between the two countries, as well as recommendations for closer cooperation between Canada and India in science and technology.

Event: Release of the *Canada-India Science and Technology Study on Institutional Linkages in Academic, Government and Private Partnerships*
Date: Wednesday, November 24, 2004
Time: 4:30 p.m.
Location: The National Press Club
165 Sparks Street,
Ottawa, Ontario
