

a couple of copies of the "McGill"
heavily with the insertion, I would
be very much obliged if you
could and also if this clipping
could be returned to me, but
do not bother if it would
give any extra trouble

With kindest regards from
Mr. McKay and myself to both
you and Mr. Adams, although
not personally acquainted
we seem to feel we know you
for we have heard our dear
Edmond speak so often of you
both of your kindness to him
during his stay in Montreal
Yours very sincerely
Ramsay McKay
