ROSSEAU—(Head of Lake Rosseau)—Bass, Pickerel, Speckled and Salmon Trout.

DURK'S FALLS—Bass, Salmon and Perch.

MAGNETAWAN RIVER—Brook Trout, Black Bass and Pickerel.

HOW TO REACH MUSKOKA.

Passengers from **Eastern points**, such as Quebec, Portland, and intermediate stations, proceed via the main line of the Grand Trunk through Montreal to Toronto, and those from Boston and all New England points by connecting lines via the same route, and thence on to Muskoka by the Grand Trunk Railway System.

Tourists from the **Maritime Provinces** reach the Grand Trunk via the Intercolonial Division of the Canadian Government Railways, via Montreal, and proceed over the main line as above described.

In the **West**, from Chicago and points in the Western States, passengers are carried over the main line of this great system by way of Port Huron and Toronto, passing through some of the principal cities of the United States and the western part of Ontario.

From points in the **East** located in or passing through Trunk Line territory, the route is by way of Niagara Falls, thence Grand Trunk Railway.

From points in the **South** passengers reach the Grand Trunk either by way of Buffalo and Niagara Falls, or by way of Detroit. From each of these points the trains of the Grand Trunk convey the passengers to Muskoka Wharf.

Between **Buffalo** and **Toronto** trains are run solid over the Lehigh Valley and Grand Trunk, crossing the Grand Trunk's new single-arch, double-track steel bridge over the Niagara River.

Couchiching Beach, Orillia, Ont.

(15)

On the Severn River, near Orillia.

The lines of the Grand Trunk Railway System from Hamilton and Toronto unite at Allandale, and one mile from the latter point is Barrie, a delightful summer resort on Lake Simcoe. Twenty-two miles further north we reach the flourishing town of

ORILLIA.

"Without fear of successful controversy the people of Orillia can claim the prettiest and liveliest town in all Canada," says the *Belle-ville Daily Ontario*,—a universal verdict acquiesced in by every visitor to this flourishing town of 6,000 inhabitants, on the shores of Lake Couchiching. And the *Ontario* might have gone further and said that the lake, dotted with islands, was the prettiest in all America, and that Couchiching Beach, "where breezes blow," was not surpassed for beauty in the whole world. Couchiching Beach, Orillia's \$20,000 park, contains fifteen acres of verdant lawn, laid out in tennis, lacrosse, cricket and base ball grounds; is adorned with magnificent hedges and old spreading trees, and is fragrant with flowers. The town, with its neat, clean streets, arched with trees, situated between Lakes Simcoe and Couchiching, at an altitude of about 800 feet above the sea level, is an ideal summer resort. In the lakes contiguous is the best fishing in Canada, salmon trout, black bass, herring and maskinonge being plentiful. Several lakeside summer resorts.—Geneva Park, Strawberry Island, Horseshoe Island,—are within a half-hour's sail of the town. Tourists, learning of Orillia's advantages, are stopping off more every year, and a number have become permanent residents of the town, while many have summer cottages. Not alone on scenery does Orillia rest her record, for she has large manufactories, and, with free water-power, these are growing, year by year. Orillia is also the home of manly athletics, her curling, lacrosse and hockey clubs being amongst the foremost in Ontario, while her aquatic champions have swept the earth.

SEVERN RIVER.

We leave these pleasures to stop at Severn River, where the promised store of nature's gifts are extended with a lavish hand. Trout, pickerel and bass abound here, and also in Sparrow Lake, but a short distance away. Deer, duck and ruffed grouse keep company in the average sportsman's resumé of a day's tramp. Brace-
