

PROF. MACIVER ON LEAGUE OF NATIONS

Tells Open Forum Germany Should Be Equally Included.

"If the representatives at the peace conference do not make a league of nations, then the peoples themselves will make one," declared Prof. R. M. Maciver, before the Open Forum yesterday, when he spoke on the "League of Nations."

In opening his subject Prof. Maciver dealt first with the uncertainty of the subject, and then he told some of the reasons which he declared were holding up the work of the conference to come to a settlement over the proposed league. One of the big reasons was the territorial claims by the various nations. "Not only," said the speaker, "are these people by their action against any territorial claims, because they would stir up national resentment, and further, if a real league of nations there would be no need of defending oneself against any aggressions, because the new league should rest on trust, and not fear, as in the past."

Some of the reasons which the professor gave for a league of nations were first, without the league armament could not be abolished. Only by the league could a minority be stopped from rushing a country into war. "The British and the German peoples did not want war, it was their rulers," said Mr. Maciver, in substantiating the above premise.

A real league of nations would include all self-governing people, who would enter on an equal basis, where both the people and the government of each would be represented. Germany should be allowed to enter the league, and Russia also should be admitted on an equal basis. "Russia has suffered terribly," said the speaker, "she has been blockaded, and she has had her ports seized. How can we blame her if she remains Bolshevik? It is a disastrous thing to use sea power against a country which is not an enemy. Let Russia settle her own internal affairs, and invite her into the league."

LABOR NEWS

POSTAL CLERKS GIVE DELEGATES FULL POWER

To Discuss All Matters With the Cabinet Concerning Equalization of Wages and Classification.

Five hundred postal clerks, following a strenuous session at the S.O.E. building, Bert street, yesterday afternoon decided to give their delegates at Ottawa full power to discuss demands with the cabinet. The chief of these demands is the equalization of salaries east and west, payment of the difference to be made retroactive to April 1, 1918. At present, the western clerks and letter carriers receive \$120 a year more than those east of Winnipeg. The eastern men claim that living is even costlier in the east than in the west. The delegates with this authority behind them may present an ultimatum to the cabinet, extending over a week or later than Tuesday, and it was stated that The World that the carriers would follow the lead of the clerks.

Situation Aacute.

Officials of the Postal Clerks' Association stated last night that the situation was now so acute that it was difficult to hold the men or to conduct meetings with due calm. "The government," they said, "is apparently not aware of the true feeling of the rank and file of the employees with respect to demands which had hung fire for years. It is quite true that the cabinet had made minor concessions, but there were disputes at issue of grave importance. Among other matters was the dispute with reference to the proposed classification of clerks. In 1912 the Ottawa house had passed an act making it necessary for employees to qualify by examination for all positions salaried at more than a thousand dollars a year. Later this act was rescinded, the government stating its intent to formulate a classification scheme. Altho the act had been rescinded, none other had been substituted."

EXPRESS COMPANY STRIKE.

The latest news relative to the strike of the employees of the Canadian Express Company was that the company was picking up a little freight in the Niagara Falls district, but that many of the new men were as yet untrained, hence the hesitancy on the part of the company to resume normal business.

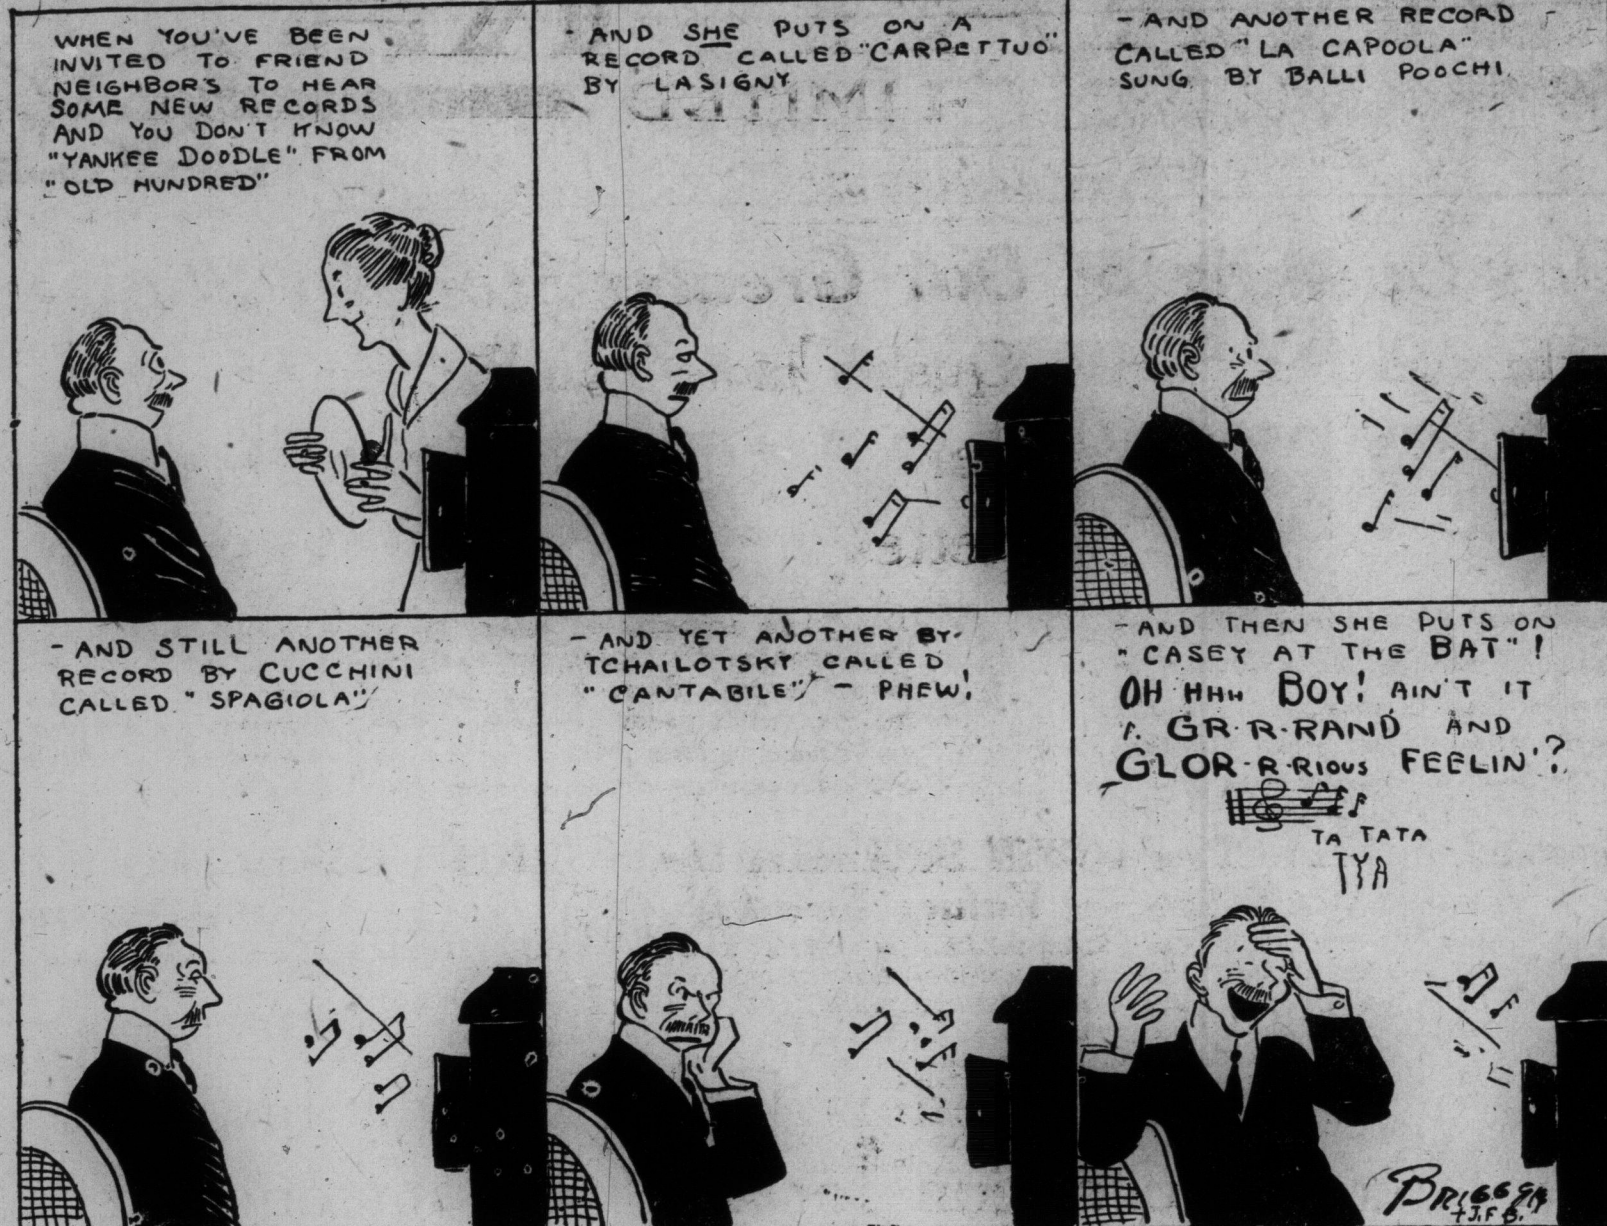

MAIL CLERKS MEET.

The Railway Mail Clerks' Association held its regular meeting yesterday afternoon at the S. O. E. Building, Bert street. Officials stated that there was no trouble between themselves and the postoffice department, and that they had no connection with the Postal Clerks' Association. A member of the organization stated later, however, that if the postal clerks received increases, the railway mail clerks would also receive them. He stated that if the postal clerks found it necessary to strike for their rights in this respect, the railway mail clerks might consider action.

The Brotherhood of Dominion Express Employees held a largely attended regular session at the S. O. E. Building, Bert street. This meeting, however, only discussed the strike of the Canadian Express employees, incidental to the business on hand. Officials pointed out that there was a labor organization within the ranks of the employees of the Dominion Company. It had its charter from the government as a labor body, but was not affiliated with any accredited labor federation. They stated that their relations with the management of the company had always been amicable. They were now considering the new schedule which would soon be presented to the company.

NO BETTER METHOD, DECLARES GENERAL

Sir Frederick B. Maurice, Formerly of War Office, Speaks on Pelmanism.

The presence in Toronto of England's great soldier and writer, Sir Frederick B. Maurice, K.C.M.G., C.B., recalls what he said of Pelmanism: "I can think of no better method than Pelmanism either for keeping the mind fit in times of leisure or slowness or for restoring mental vigor to a soldier whose mind has become flabby from overstrain or physical weakness."

Sir Frederick Maurice is an authority, whose word is heeded, and thousands besides those who heard him give his great lecture at Macey Hall the other evening will see the importance of such a statement as that Tuesday, and it was stated that The World that the carriers would follow the lead of the clerks.

A GOOD LINE-UP.

Among Jack Naughton's G.A.C. athletes who will figure in the Y.M.C.A. baseball senior series this year are P. C. Price, the veteran from the 2nd Battalion, who was wounded near Violette at the battle of St. Julien on April 24, 1915. He plays shortstop and second base. Heck Robinson, who won the championship in the Dovescourt Park League in 1914, is another player. He is a right-handed pitcher. The Moose Club, first baseman and infielder, will also be listed. Among others will be Sgt. E. S. Newton, former catcher of the Winnipeg Eaton team; B. J. Jardine of the 124th Battalion, who can claim the strange experience of spending 24 hours in the trenches both two and a half years in the German prisons, having been shot in the head his first night in the firing line. Nicky Price, of the Capital; Tommy Hanna, infielder of the Vermont Park League. Al together Manager Naughton has nearly 30 men listed for the season. Officers will be elected at next Sunday's meeting at G.A.C. headquarters, and practice is to be held at Trinity College grounds next Wednesday evening at 6 o'clock.

What a Fuss!

The Electric Wiring and Fixture Company, corner of Gage street and Spadina avenue, will cause quite a bit of excitement during this week in the electric fixture line with their genuine "Electric Fixtures" at cost, plus ten per cent, and no charge for installing. This firm is one of the oldest in the city, and makes a specialty of wiring occupied or finished houses, concealing all wires without breaking the plaster or marking the decorations, and most of all is perfectly safe, as each wire is run through a separate asbestos tubing in the partitions and is inspected by the government electric inspectors. Their phone number is College 1873.

LABOR DAY COMMITTEE

John Doggett was elected chairman, P. C. Cribben, secretary, and Bill Fordham, treasurer, of the Labor Day committee, and this body has sent out a call to the entire province to join forces with Toronto and make the ensuing Labor Day parade the most notable of any yet held. If the plans of the committee succeed, the sale of up-to-date and solid brass electric fixtures at cost, plus ten per cent, and no charge for installing. This firm is one of the oldest in the city, and makes a specialty of wiring occupied or finished houses, concealing all wires without breaking the plaster or marking the decorations, and most of all is perfectly safe, as each wire is run through a separate asbestos tubing in the partitions and is inspected by the government electric inspectors. MAY DAY EXECUTIVE.

The May Day committee elected on Saturday comprises representatives of both union and industrial labor, in other words of both organized and unorganized workers, the unemployed being also represented.

HONOR J. R. CAMPBELL IN GUELPH CHURCH

Dedicated Memorial Screen Presented by Lady Frances Campbell of Marchwood, England.

Guelph, April 13.—The dedication of an oak screen, which was erected in St. James' Church by Lady Frances Campbell, of Marchwood, Malvern, England, to the memory of the late John Randal Campbell, a former student at the O. A. C., took place this morning. The members of the G. W. V. A. attended in a body. John Randal Campbell, to whose memory the screen has been erected, was the youngest son of Gen. Sir Wm. Campbell, K. C. B., and came from England in the fall of 1915 to the O. A. C. to fit himself for farm life in Canada. He was the first man in Guelph to enlist for overseas service, and went over with the Princess Pats.

TO FEAST RETURNING MEN.

Four thousand returned men are to be feasted on the evening of May 1 by the Methodist churches of Toronto, 66 churches combining to this end. The association behind this generous movement is known as "The Men of Methodism," of which H. Syer of the Canadian Carpet Company is the president.

THE KILTIES' RETURN.

The homecoming of the Toronto Highlanders will be most timely for the peace celebration if the belief in Paris that peace will be signed April 28 is correct. The kilties will sail from England on Tuesday. Providing there is a good ocean passage on an ordinary fast vessel it is possible for the battalion to reach Toronto on the 26th inst. The officers of the 48th Highlanders, who are preparing a welcome to the 15th Battalion on an unprecedented scale, are much pleased with the prospect of their heroes getting home on such a significant anniversary, and if the celebration of two or three days can include a peace day, too, they think it would be all the better. Every returned man of the 15th Battalion is requested to register without delay at the sergeants' mess of the Highlanders in the armories.

LEFT PENNILESS.

West Toronto has been forced to add another to the quota of imperial reservist widow cases calling for the most urgent investigation. Private Ernest Muff of the 21st Labor Company of the Labor Corps, an Imperial unit, died in Flanders on September 14, 1917. The widow, living at 334 Margueretta street, received news of the death of her husband from the deep sympathy of H.R.H. King George V. in her loss. Last year she received a letter dated April 9, enclosing the sum of £2 5s, alleged to be the balance due her husband's estate from the British army funds. The death occurred nearly 20 months ago; the payment of the £10 was made a year ago, and in all this time not a cent has been received by the widow as pension. It is generally acknowledged that the basis of the pensions granted to the widows of imperial reservists is inadequate in any case, but in this case even the widow, West Toronto G. W. V. A. is taking up this case with vigor.

RECEPTION IN STADIUM.

Two it was expected that the Olympic would sail from England on Saturday with the 3rd and 4th Battalions, word was received last evening by James Somers that her departure had been delayed until today. No hour was specified, but the delay indicates that Toronto will not have an opportunity of welcoming her two crack battalions until Monday next at the earliest and probably Tuesday, April 21.

General Gunn engineered a coup on Saturday when he completed arrangements for the use of Varsity stadium for the ceremonial landing in connection with the reception to the men. It has been found impossible to adequately handle the crowds at the armories, but at the stadium a much more satisfactory function can be conducted.

Among the initiates for tonight's general meeting of the Central branch, G.W.V.A., will be Colonel Wallis B. Kingsmill, D.S.O., deputy judge advocate at Ottawa. Colonel Kingsmill spent almost 20 months in Flanders. The three Counters, father and two sons, form an interesting trio as an addition to the ranks of the branch. Thomas Ingrouille, a native

of Guernsey of Channel Islands fame, will be another initiate, and Stanley Jarrett, a South African veteran, with the King's Medal, and five bars as well as 20 months' service in Flanders, will also be present. Others will be Richard John McLean, M.C., G. C. Miller of the 24th Battalion, who lost his arm last year near Cambrai, and H. D. Moody, who spent 34 months in France.

West Toronto G.W.V.A. has secured already 45 new members for initiation at the next meeting, which is to be held on Thursday next.

More than 25 new members were brought in at Thursday night's meeting of the G.A.C. at Earlscourt, held at the McMurrich School. The Earlscourt branch now claims 50 members. Dave Campbell of 102 Gilbert avenue, was elected president, and A. S. Ritchie of 234 Lansdowne avenue, secretary.

Niagara Post, G. A. C. was organized on Thursday night with much enthusiasm, and many new members were brought in. Among those present was the president, H. W. Parsons.

Many returned members of the 48th Highlanders Overseas Battalion have applied for uniforms in which to attend the parade of returned members of the regiment. Colonel Darling, however, announces that as the regimental stores at present contain only very few uniforms, it will be impossible to issue these many requests.

SCARBORO G. W. V. A.

Scarboro G. W. V. A. is rapidly assuming splendid proportions, and has taken a keen interest in township affairs. The secretary, Ed. Stephenson, on Sunday evening stated the intention of the branch to send a deputation to today's session of the township council at Wilmot to request legislation making the Ontario housing act applicable to Scarboro Township.

Comrade Stephenson expressed the belief that if the township accepted the housing proposition under the Ontario act many returned men would find their way into the township. It was on the screen, bringing out the beautiful presence of the china. Mrs. A. C. McKay, president, presided. Mrs. J. Fried being the hostess. Songs by Miss Lancelotti, accompanied by Mrs. W. G.
