Splendid Tribute.

Mr. Ward paid a splendid tribute to the women of Canada for their work in connection with relieving the stress in France and Beigium. He told of one instance in which a group of Canadian women had made as headquarters a shattered house in the centre of a vast area of devastated country. This they had made the centre of their activity, and tho deprived of every ctivity, and the deprived of every axury, having to carry their water firewood, they pluckily stood the test and were responsible for bringing to the homeless destitute peasants the fulfilment of a number of their direct "That's the way you Canadians are carrying on the Christ-like work in France and Flanders," he said. In honor of Miss Belge, the Belgian prima donna, a tea was given at the rooms of the Heliconian Club yesterday. The president, Miss Lena Adamson, assisted by Miss Lucy Doyle, re-ceived the guests, and Mrs. Barron poured tea. The guest of the occasion was a figure of interest, not alone be cause of her position as a singer who had early made a name for herself in the Antwerp Opera House, but more especially on account of her fine patriotic work.

### "THE COUNTRY COUSIN."

A unique and an amusing character who looks down on persons carrying wicker suit-cases, is one of the central figures in "The Country Cousin," the Booth Tarkington-Julian Street comedy coming to the Princess next week, with Miss Alexandra Carlisle in the steller role. He is a young blood of the New York Four Hundred and is supremely confident of his accomplishment in all the social straces. But, out of the middle west, comes a young woman who humiliates him, and finally makes a real man out of him. He ultimately leaves the stage carrying the despised wickers suit-case. This role is capitally played by Alfred Lunt. The seat 53'e opens tomorrow.
