SCOTCHMEN HALL NOTED COUNTRYMAN

James Willock, Deputy Lieutenant of Glasgow, Gets Great Welcome.

The walls of St. George's Hall rang last night with Scottish cheers and laughter, when the Glasgow and District Association held a grand reception in honor of its countryman, Deputy Lieutenant James Willock. The distinguished guest was accompanied by his wife and presented with honorary membership of the association.

There was a large attendance and the hall was packed to the doors by the members and their wives. About 250 sat down to dinner, which was followed by a selection of toasts and an excellent musical program, featuring noted talent. The deputy lieutenant was given a splendid ovation, his entry into the room being heralded by cheering cheers, which could be plainly heard above the din of the bagpipes. The gathering was presided over by President John McLure.

The opening toast was proposed to the King and to the Prince of Wales and was responded to by the president and supported by the people all standing. In his accompanying speech the president expressed the hope that at least the son of the present King might see the time when man to man would brothers be for a 't and a 't.

Could Run City. The toast to the guest and to the city of Glasgow was proposed by the first vice-president, John A. Taylor, who extended a hearty welcome, and related for the benefit of his audience a number of his earlier experiences in the city of his birth. In conclusion he said that if the members of the association were to stick together and retain the same good fellowship now existing, they would soon be in a position to run the city of Toronto.

In response to the toast, Deputy-Lieutenant Willock thanked the association in behalf of the magistrates and councillors of the city of Glasgow for the tribute paid to that city, and also for his kindly reception, which he said would ever remain as one of his fondest memories. He related the advantages of living in Canada, rather than in the old country during the war, and told of the restrictions on foods that existed, and that does exist to some extent at the present. In closing he stated that so far as municipal matters were concerned, Glasgow was the leading city. Mayor Church was included in the program, but was unable to attend on account of a pressing engagement elsewhere.

The talent taking part in the musical program were: James E. Fiddes, Ellen Skinner, George Neil, R. Drysdale and Mr. McLaren. A fine selection of Scottish songs was also rendered in addition to violin selections and a reading.

STUART, Chief Officer, B.N.B.

RADIAL STRIKERS GET ULTIMATUM

Niagara-St. Catharines Company Gives Men Until Monday to Return.

Special to The Toronto World. St. Catharines, Ont., Aug. 22.—The strike which has been declared by our employees is illegal under the provisions of the Lemieux act. By this legislation each employee is liable to incur a penalty by thus deliberately absenting himself from the service. The company does not wish at this stage to take advantage of the act in this respect, and after placing before our men the statements which have appeared offi-

cally in the press, we hereby give notice that all employees not concerned in the charges in respect to which we have evidence may return to the service on or before 10 a.m. Monday, Aug. 25, and be reinstated in their former positions. Any employee who has not returned to duty by that hour will be considered as having permanently left the service.

Men Stand by Organization. The above ultimatum was this afternoon issued by Superintendent Oliver of the Niagara, St. Catharines and Toronto Railway, which has been completely tied up since yesterday morning by a strike in all the departments because of the refusal of Mr. Oliver to meet the international representatives and discuss the dismissal of one of the conductors, who is business agent of the union. Yesterday Organizer Koh made the following proposition to the committee of the board of trade: "That Mr. Oliver agree to meet the local committee and the international representative and discuss the case, and in the event of the dispute not being amicably adjusted, to submit the matter to a board of arbitration." An answer was conveyed to a meeting of the employees this afternoon that Mr. Oliver again refused, stating that he would not meet an outsider, and further stating that the evidence was in the hands of the department of justice. The meeting unanimously reaffirmed their decision to stand by their organization.

LOCAL LABOR WATCHES. The nation-wide strike threatened by organized steel and iron workers in the United States has created considerable interest in local labor circles. Issues of fundamental importance, rather than the particular industry involved, is the cause of this trouble. Algoma steel men at the Soo were reported out yesterday, in what the workers explain to be a virtually a lockout. This follows a brief conference regarding hours of labor and other matters under dispute.

Harper, customs broker, 39 West Wellington street, corner Bay, Adelaide 4692
