Graduates Discuss and Resolve on Matters Affecting University Reorganization.

The adjourned meeting of the University of Toronto Alumni was held Monday night, and several changes in tions before the last meeting

mendations of the executive com-

sor Alumnae Association. The cast was headed by Douglas A. Paterson, as Sir George Carlyon, an astute barrister and M.P. The denouement of the plece hinges upon his self carrificing action at the discovery of an unrequited attachment of his wife for a young man who is engaged to his ward. Mr. Paterson's portrayal of the sharp-witted. cynical lawyer. Experienced in the ways of the world, was finished in manner, diction and make-up. Mrs. M. VanValkenburg, as the erring wife, showed a keen perception of the requirements of an exacting role, in which an imposing presence and a good voice were valuable aids. Lawrence Anthesfi as the object of Lady Carlyon's affections, handled his part in a careful, conscientious manner. Miss Ruth MacKid, as the ingenue fiance of the latter, acted with refreshing simplicity, and arthespases of manner. Unlike most productions in which cmanteurs take part, the performance ran smoothly from beginning to conclusion. The situations, of which there were several showed Mr. Paterson's fine hand in the crispness and exactitude with which they were worked out. A program of musical and literary selections preceded the play.

## THAT STAB-LIKE PAIN IN THE SMALL OF THE BACK COMES FROM THE KIDNEYS

## AND CAN BE CURED BY DOAN'S KIDNEY PILLS

Therefore, dull pain in the back, or sharp, quick twinges, are warnings of sick kidneys—warnings of kidney trouble. Plasters and liniments will not cure a bad back, for they cannot reach the kidneys which cause it. Doan's Kidney Pills reach the kidneys. That is what they are for and that only. So, if you would be free from backache, swelling of the feet and ankles, frequent or suppressed urine, painful sensation when urinating, specks floating before the eyes, frequent thirst, brick-dust deposit in the urine, or anything wrong with the urinary organs or bladder, you must keep your kidneys well. Help them to work freely, and help them to flush off all the body's waste and impurities.

Doan's Kidney Pills are made from the purest roots and herbs, and have a remarkable healing and toning effect on the kidneys. Mrs. Barling, 26 Locomotive Street, Hamilton, Ont., writes: "I had been troubled considerably with my kidneys, using many remedies, but finding no relief. I tried Doan's Kidney Pills and found them to act directly on the kindeys, and making them strong again."

Lord Cecil Sees No Reason for Fills

ing Canadians' Pockets.

(Canadian Associated Press Cable.))
London. Dec. 19.—Lord Hugh Cecil, addressing the Unionist Free Trade Club at York last night, referring to Mr. Chamberlain's claim that unity of empire would be promoted by taxing corn and meat, said he could not understand why people who were badly off in this country should put money into the pockets of Canadians who were better off. He was told we should get concessions in respect to our manufactures, but these concessions were in the clouds and they would produce but a very slight effect and only upon a very small part of the population.

There has been issued a report of the tariff commission on the carpet industry. Witnesses, on the whole, arranged that the Canadian preference in regard to the carpet trade has been not only to check foreign competition, but to give a positive increase in Bittish exports. Its removal would be a self-ous blow to British trade.

Kingston. Dec. 19.—(Special.)—The mayoralty contest here is opening a phase which may result in partially obliterating the party fine of cleavage otherwise between the electors. The reference is to the temperance is to the temperance for its reference is to the temperance in a total abstainer, and has been a consistent advocate of lessening fite number of licenses. His opponant, Ald. Mowat, is not an abstainer in practice, and would leave those in the liquer traffic in undisturbed possession of all their present privileges. Because of this the men of the trade are back of Mowat, and this, while neither candidate has made a pronouncement on the temperance question. Sides are being taken by the electors, and the line of separation is along temperance lines. This may have the effect of the Canadian preference in regard to the carpet trade has been not only to check foreign competition, but to give a positive increase in Bittish exports. Its removal would be a self-ous blow to British trade.
