ATTEMPT ON LIFE OF EMPEROR NICHOLAS

Soldier of the Guards Confesses to Receiving Large Sums of Money to Kill the Czar.

ST. PETERSBURG, May 15.-A terrorist conspiracy, directed against the life of Emperor Nicholas, the existence of which has been suspected for some time past, has been revealed by the arrest at Tsarskoe Selo, of a souler of the guard regiment. To-day the man confessed to the acceptaince of a large money bribe to assist in the murder

According to the details of the plot, the existence of which has been confirmed by one of the highest officials. of the court, suspicion was directed to the soldier by the fact that he was seen to have in his possession considerable sums of money. He was at once placed under observation. When he noticed that he was being shadowed he became panic-stricken and sought the authorities. He then broke down and voluntarily made his confession,

after which he begged for protection.

All the threads of this conspiracy, which is radically different from former atempts of this nature, are not yet in the hands of the secret service me A few underlings have been apprehended, but the real instigators of the crime, and the men who furnished the blood money, have not yet been identi-ed. It is thought that the money used is part of the proceeds of several political robberies committed during last pants in these so-called expropriations have been arrested and executed, but

The police officials maintain a mysterious islience when questioned regarding this conspiracy. They refuse to either affirm or deny the story, and limit themselves to stating that there is indication that the men arrested indication that the men arrested

is indication that the men arrested last week in this city were connected with this conspiracy.

This statement coincides with information obtained in revolutionary circles, where it is declared that the men apprehended last week were occupied with one reorganization of the fighting bands of the revolutionists, which the police succeeded last year in breaking up, and that the authors of the present conspiracy must be sought outside of St. Petersburg.

FREIGHT PILING UP. Ottawa Teamsters Still Hang Out for More Pay.

OTTAWA, May 15 .- (Special.) -The Dominion Transport Company, whose staff of 23 teamsters went on strike Thursday for an advance of \$4 per menth, have not been able to procure men, and the freight which should be delivered in the city, is accumulating. Over 100 cars are standing on the C. P. R. tracks at the Union Depot, and there are no men to relieve the situation. A report that one of the C. P. R. freight handlers was discharged because he persuaded new hands employed by the transport company not to work, is denied by C.P.R. officials, who say the railway company is not directly concerned in the strike. In the death of Ald. Owing to the double-tracking of the C. P. There will be eight licenses cut off and the towns that will come under the prohibitory proclamation are Kenora, Wabigoon, Dryden, Eagle River. Vermillion Bay, Dinorwick, Gold Rock

There are four licenses in Keewatin. fust outside of Kemora, and it is not known whether these will be canceled. The agitation of the Methodist, Tem-perance and Moral Reform Association against the issue of liquor licenses within a zone of 20 miles on either side of the G. T. Dominion government.

The prohibitory zone received the sanction of the Ontario legislature, but the Ottawa government has reduced Mmit in the Rainy River district to ten miles, merely offering as a rea-son that the proclamation was intended to cut out the sale of liquors on the part of illegal pedlars and not to affect the licenses already in force. The secretary of state advanced the argument that the Dominion government didn't wish to interfere with the pre-rogatives of the Province of Ontario. Rev. Dr. Chown, who prosecuted th campaign, as representative of the Moral Reform Association, says this reason has little force in view of the fact that the provincial countrorities had already acceded to the proclamation and had publicly express-ed a desire to enforce the law against ed a desire to enforce the law against all illegal sellens of liquor whether they had previously held licenses or not.

Dr. Chown has a suspicion that the jog in the 20 mile zone at the Rainy River district is the result of some other motive on the part of the Dominton government.
