WHO BOUGHT THE PIGS?

Inspector Noxon Denies Knowledge of Their Destination. Dr. Bryce Enforces the Need of an Inspection.

The announcement in an Ottawa despatch of Sunday that the Montreal health authorities were becoming nervous about Humber piggery, and had sent a deputization to interview the Dominion Minister of Agriculture, occurred on the day yesterday by The World as to the true disposition of the hundred and odd hogs that were slaughtered at the piggery some weeks ago, immediately upon the appearance of a slight indisposition among a half score of them. The only information the reporter could get was that they had been landed by a commission man "down east."

Inspector Noxon, who has the piggery under his direct supervision, said he did not know where they were shipped to. They were sold to Mr. Harris, both William Harris and John B. Harris, one of whom was the man referred to. He denied any knowledge of the hogs; had never bought, sold or seen them.

Inspector Noxon strongly asserted the healthiness of the pork, and said the pigs were killed because of cholera in the neighborhood, not in the Government pens. In support of his statement, he cited the evidence of three experts from the Veterinary College, Bacteriologist, MacKenzie and Dr. Bryce, Secretary of the Provincial Board of Health, all of whom witnessed the killing and examined the pork. The inspector said there was going to be no more cholera in the neighborhood had a clean bill of health. But he stated it as his conviction that the Toronto cattle market was infected. Asked for the grounds for this suspicion, he said it was grounded upon his experience when buying hogs to restock the piggery last February.

Provincial Health Secretary. Dr. Bryce was questioned regarding the inspector's statement, and he said that, though he had no personal knowledge to go upon, he deemed it a very reasonable supposition.

When the Dominion quarantine of the commerce in hogs in Toronto and district was raised some months ago, and business was resumed, the doctor said, there was no inspection of either animals or cars. About the same time, however, the city broke out among several herds in the vicinity of the city, short of cholera, a fact which, to the doctor's mind, warranted the conclusion that some time in January the disease was introduced into the Toronto cattle market.

Dr. Bryce stated that as far as he could learn there was absolutely no inspection of either the animals or cars that are continually arriving at the cattle market. Dr. Bryce points to these facts as evidencing the need of a new cattle market that could be cleaned and disinfected, and a proper system of inspection.

ELECTION PROTESTS.

The Crop Not Yet All Reaped. Five More Were Filed Yesterday. Money Paid Into Court.

Up to Monday night \$38,000 had been paid into the Bank of Commerce in trust for the court on account of election protests. At the deposits due to date with the exception of those for East York and North York had been paid.

Five more protests were filed yesterday, two by Conservatives and three by Liberals. They were: West Algoma, Nipissing, East Egan, Lincoln and South Huron.

Mr. Connors, member-elect for West Algoma, has had his election several times protested heretofore, so that he is no new predicament. His majority was \$50. The petitioner, R. Craig, shipping clerk, but Portage, claims the seat for C. W. Chadwick, the Conservative candidate. Besides the usual charges of irregularities on behalf of Mr. Connors are alleged against deputy returning officers, poll clerks and scrutineers.

In the way of charges the Nipissing protest is a rarity. Besides the usual charges, the petitioner, William Hewitt, laborer, claims that the election was illegal, as the polls were opened and closed their books ahead of time and also that at Canmore, the deputy returning officer refused to fill in the statement made by him in the poll book, although requested to do so, as a result this poll was not counted by the returning officer. The return on the having been filled in by the deputy returning officer, and that the poll, if counted, would show a clear majority of 29 in favor of the said Charles W. Chadwick. Mr. Connors' majority was \$8.

In East Egan, C. A. Brown's election, by a majority of 10, is protested against by Matt. Easton, cheese-maker, farmer. Dr. Jensen had a Conservative majority of 60 in Lincoln. Thomas Walsh, mason, Alton, is the petitioner. Donald Burns, farmer, Township of Hay, petitioned against Mr. Elber (Con.) had a majority of 150.

Death of Mr. Bowrey. The death took place yesterday of Mrs. Frances Bowrey, widow of the late George Bowrey, at the residence of her son-in-law, 11 St. Andrew street, in the 68th year of her age. The deceased was the mother of the late Robert Bowrey, who lost his life at the Globe fire. The funeral takes place from above address on Friday, at 2:30 p.m.

HURRAH! FOR SPRING SUITS.

The World Inspects the Largest and Best and Cheapest Stock in Canada—Oak Hall's.

Spring is the season of dress. Nature puts on her most pleasant attire, so it is but seemly that men and youths should also at this time of the year consider the wardrobe. The World reporter wandered through the spacious, bright and comfortable store, Oak Hall, and inspected the immense stock of men's clothing.

To begin with the outermost article of dress, the purchaser will find box-coats and single-breasted overcoats in the latest weaves and colors. The overcoats are all cut in fashionable lengths. The line of goods worthy of special mention, perhaps, being the English covert cloth, whipcord, worsted and chevrons.

The overcoats laid aside, he is next shown a huge and attractive stock of men's suits. The company is making a specialty of English worsted in plain and fancy patterns, as well as Scotch tweeds and Canadian wools. Here a man may purchase a suit, substantial suit for \$4, or an elegant, finished article for \$18.
