CALL FOR 100,000 STRICTLY MEANS MEN TO BE SENT OVERSEAS

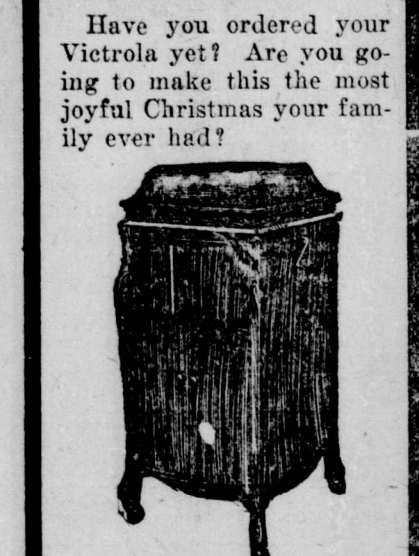

WINNIPEG, Nov. 27.—The 100,000 men authorized to be sent overseas for military service act only applies to the number which actually is taken overseas in reinforcement, according to O. M. Bizar, K.C., of Edmonton, a member of the military service council.

The Class 1 men, he said, would be called up as they were needed for reinforcement purposes, and given about twelve weeks' training in this country before they would be taken overseas.

PEWES SEES NO CHANCE TO BEAT MCCOIG IN KENT

Waits to Premier He Can't Get the Soldiers' Vote.

MAY DROP OUT OF RACE

McCoig Remains in Field as Independent Liberal Candidate.

CHATHAM, Nov. 27.—Declaring that Archie McCoig, M.P. for Kent in the last parliament, had given him "a raw deal," J. W. Pewes, who was nominated in Kent for the Commons as a straight Union Government candidate, boarded Premier Borden's special train here this afternoon with the object of having an interview with Sir Robert.

"Archie McCoig, after giving Mr. Rowell his word that he would support the Union Government, now is campaigning as a Liberal, and has Laurie's picture hanging in a prominent place in his committee rooms. It is now too late for me to get the Union Government endorsement and get the soldier vote," said Mr. Pewes. "McCoig has tricked us, but it is not yet too late for him to show he is a sincere supporter of Union Government. If he will come out unreservedly for Union Government I will retire from the contest in his favor; if not, I am in the fight to the finish."

Have No Chance.
Mr. Pewes' supporters met this afternoon in caucus to decide whether or not it was advisable for him to continue to contest the riding with Mr. McCoig, on his statement of having won the support of the Union Government had failed to endorse him as a Borden candidate. Reports have been freely circulated by Pewes' supporters that Mr. McCoig has swung into line with the Borden crowd, and that he had signed a statement that he would support Union Government. They are absolutely incorrect.

A committee of Pewes' supporters has stated, prepared to stand by him, and in favor of the measures as laid down by the Union Government. Mr. Pewes will be withdrawn. They will give him 24 hours, they say, in which to do it. If he does not, action is to be taken in spite of the faint hope of victory.

Denies the Varn.
Speaking at Morpeth last night, where he was enthusiastically received, Mr. McCoig denied the reports circulated about him. He declared he was still the Union Government candidate, and free to act in the best interests of his constituents. A meeting has been called for Wednesday afternoon, at which the proposals of the Pewes supporters to Mr. McCoig will be considered. Mr. McCoig refused to give absolutely any decision until he had placed the Pewes document before his supporters.

SCORES FRANCHISE ACT.
ATLANTIC, Nov. 27.—One of the largest and most enthusiastic women's meetings ever held in Atlantic, a Women's Liberal Club was organized. The council of the club was elected, and Mrs. A. Almas presided, and after an address given by Walter Rogers, in which he stated the object of the meeting, and a much-appreciated song by Ray Lemon, Rev. L. A. Muttitt spoke on "The Value of the Franchise to Women." He declared the war-time election act is a step in the right direction, in which those who proposed it were likely to get the worst of their own bargain. He encouraged the women to exercise their franchise in a purely moral manner, and not become the dupes of the manipulators of political machinery.

Officers were elected as follows: Honorary president, Mrs. W. G. Charlton; president, Mrs. A. S. Rogers; first vice-president, Miss Belle Murray; second vice-president, Mrs. A. Almas; secretary, Miss Rita Stewart; treasurer, Mrs. J. H. Pickering; committee, Mrs. McLeay, Mrs. Kidd and Mrs. C. E. Ham.

Arrangements have been made to have Sir Alan Aylesworth and Sir Prentiss Aylmer on Thursday, December 6, at 8 p.m., under the auspices of the Women's Liberal Club.

EULER AT ST. CLEMENTS.
ST. CLEMENTS, Nov. 27.—Over 3,000 people packed the largest hall here tonight to hear the address of W. J. Euler, Laurier-Liberal candidate. When Mr. Euler rose to address the audience two little girls dressed in white presented the candidate with a large bouquet of flowers. Following the presentation, Mr. Euler spoke on "The Value of the Franchise to Women." He declared the war-time election act is a step in the right direction, in which those who proposed it were likely to get the worst of their own bargain. He encouraged the women to exercise their franchise in a purely moral manner, and not become the dupes of the manipulators of political machinery.

GOVERNMENT FOUND WANTING.
WINDSOR, Nov. 27.—More than 200 women interested in the franchise for the first time in their lives in Canadian politics gathered at Oatfield's Hall this afternoon and heard a lecture given by Mr. Thompson of Toronto, a member of the Liberal Auxiliary of that city. The meeting was called in the interests of William C. Kennedy, Liberal candidate for North Essex, and was presided over by W. E. Gandy. Upon the platform were Mr. Kennedy and a number of prominent Windsor citizens, including Arch McNeen and Will J. McKee, ex-M.P.

Mrs. Thompson dealt with the high cost of living, and the relative place of women with regard to politics, as it affected the home. She made a long dissertation upon the political crisis now facing the country.

Mr. Kennedy, who also spoke briefly, the former again making clear to the ladies the platform upon which he is appealing to the electorate for their votes. He criticized the Government of Premier Borden for its lack of initiative and inefficiency, declaring that as it was not wanting before, it could not be expected to show any improvement if re-elected.

Among the more prominent ladies in attendance at the meeting were Mrs. McLeod, C. Kennedy, Mrs. J. H. Raper, Mrs. W. J. Burns, Mrs. A. F. Healey, Mrs. William J. Pulling and many others.

STRONG FOR SCHELL.
TILSONBURG, Nov. 27.—A splendid ovation was given Malcolm Schell, Liberal candidate for South Oxford, at the clubroom this afternoon by Tilsonburg women. The hall was packed to capacity, and represented 75 per cent of the women's vote in the town. C. C. Brown, president of South Oxford Liberal Association, introduced Mr. Schell, who was a member of the House of Commons. He declared that Liberalism meant freedom to women who, although entitled to, did not enjoy under the present system, the right to vote. He scored the profiteers, and said the minister of labor is the minister of rest. He urged the soldiers' wives and mothers present to remember that Sir Robert Borden intended to let the Canadian soldiers go to the front because the contract could not be cancelled, and, of course, the men's lives counted for nothing when the Ross rifle jammed.

Borden had no time to consider soldiers' pensions while business of such importance as the Mackenzie & Mann mill was before his eyes. She drew their attention to the fact that the army ships had to be discarded after three weeks of wear owing to paper soles.

She asked the women to never forget that, through the price of worthless army glasses supplied to officers many a Canadian life had been lost. Mrs. Schell was introduced. He scored the Borden Government for not granting the franchise to all the women. The large attendance at the meeting left no doubt

PTE. JOHN NORRY IS REPORTED WOUNDED

We cannot forget the Borden Government's failure to properly use the volunteer system to secure the necessary recruits," he said. GERMANY PLANS AN INVASION OF DENMARK SINCE NORWAY'S SMALL

Meeting of the Scandinavian Monarchs Fraught With Apprehension.

COPENHAGEN, Nov. 27.—Behind the meeting of the Scandinavian monarchs and ministers at Christiania this week lies the fear, unfounded though it may be, of Norway's entry into the war, and of the German menace that in this case she should feel called upon to occupy Denmark as a countermeasure.

The Associated Press learns from a responsible source that the conference, which was arranged in consequence of the ultimatum from Germany that the growth of anti-German sentiment in the United States, in which event Germany would feel called upon to seize a corresponding base in the North Sea. German cruisers, is being followed with concern by Germany, and that it is felt that Norway might be impelled, either by excited public opinion or pressure from the Allied side, to enter the struggle at least to the point of granting a naval base to England and the United States, in which event Germany would feel called upon to seize a corresponding base in the North Sea.

Upon the receipt of this news at Copenhagen word was sent to King Gustave V. of Sweden, and to the prominent cabinet, President Andersen of the Danish East Asiatic Company, who is high in the confidence of the king, as well as London, was dispatched possible, to change the German attitude. Mr. Andersen conferred with Dr. von Dohna, German minister for foreign affairs, at Berlin, and he confirmed the report, adding that in consequence of the ultimatum from Germany, the German attitude towards Denmark and Germany were again in the saddle in the Baltic, and the German attitude against which the foreign office, with difficulty, found it most difficult to contend.

ALBERTA'S EXEMPTIONS.

CALGARY, Nov. 27.—According to reports received this morning by J. M. Carson, registrar for Alberta under the military service act, 872 claims for exemption were allowed and 228 refused yesterday. To date 12,641 have been allowed, and 3,407 refused. 48,413 sit in Calgary and Edmonton December 6 to have the first appeals from local tribunals.

The London cablegram made mention of the United States ship gunners aboard, nor did the names of any appear in the records of the United States shipping commission here. It is assumed there were some on board, inasmuch as the vessel was controlled by the United States ship plying board.

Formerly the German steamship Atlantic was in the service of the Actaon left New York early in October, carrying Government supplies and mail. It was captured by the German navy on the return voyage when sunk. She was commanded by W. J. Johnston. The vessel was built in New York in 1909, and was seized by this Government after the war with Germany began.

The Actaon is the first seized German ship to be sunk while employed in American trade.

RALPH THE BARBER CONFESSES TO PART IN 23 N. Y. MURDERS

NEW YORK, Nov. 27.—A confession that he has been implicated in 23 murders committed by "gangs" of which he was a member, was made today by Ralph Barber, according to District Attorney Swann.

Danielle was brought back from Reno, Nevada, two months ago to answer an indictment charging the murder of a boy in Brooklyn.

IT WILL REQUIRE 30 TO 100 YEARS TO REFOREST CUT-OVER PULP AREAS

Dr. C. D. Howe of Faculty of Forestry, University of Toronto, Makes Startling Disclosures, the Result of Investigations.

OTTAWA, Nov. 27.—That the greater portion of the cut-over pulpwood lands of Canada would take from thirty to one hundred years to reforest themselves, instead of about twenty years, as lumbermen have supposed, was the statement made by Dr. C. D. Howe, of the faculty of forestry, University of Toronto, to the commission of conservation, composed of United States and Canadian members, during the last year Dr. Howe has been conducting reproduction and growth investigations on the St. Maurice Valley, Quebec, for the commission of conservation, and the partial results of these studies have been made public.

W. B. Snowball, a prominent lumberman of Chatham, N. B., said that his company was gradually coming to a realization of the conditions.

BORDEN CONFESSES CHANCES WERE OIL WITHOUT DRAFT LAW

Tells Glencoe Folk His Nerve Was Failing.

FEARS RETURNING MEN Government's Record Evidently Demands Some Palliating Act.

GLENCOE, Nov. 27.—Glencoe and the surrounding farming district turned out in force this afternoon to greet Sir Robert Borden, ex-Prime Minister of Canada, who came to speak in the interests of George C. Elliott, M.P., the present member for West Middlesex and Unionist candidate.

The party was met at the train by a band and three in gaily decorated automobiles. He was driven to the C.P.R. station to the village, where the town hall was crowded. The chair was occupied by Dr. Martin of Evansville. The speakers were given an attentive hearing, and the remarks drew plentiful applause.

George C. Elliott, M.P., said the Union Government was not a hybrid of Conservative Government, with a slight Liberal veneer, but a strong Union Government, composed of strong Liberals, as well as very strong Conservatives.

"Do not be deceived," he exclaimed. "The Union Government stands for unity in this country. It stands for reinforcements for our boys at the front."

Mr. Oliver said Sir Wilfrid had first looked at the situation in the Dominion, then he had looked at the situation in the United States, and he had been struck by the leadership of Quebec away from him. He had been struck by the leadership of Quebec away from him.

"Alliance Against Class," Mr. McLeod declared. "It is not a two-party government; it is a non-party government. It is the interest of those who formed it. It was not meant to be a party government, but a class in the country."

Speaking of the manifold duties of the government, he said that in the past he had had to find \$70,000,000 to provide for the war, and he had to find \$70,000,000 to provide for the war, and he had to find \$70,000,000 to provide for the war.

The United States, he had noted in the press of yesterday, had taken the same step and almost in the same way. He had seen the profits of packing houses as had been visited by the United States.

The premier declared that he did not expect the military service command against any breach of the law. "Nor could you stand up before those men when they come back," he added.

GERMAN SUBMARINE SINKS GERMAN SHIP RUNNING FOR U. S.

21 Men Landed in Spanish Port Out of Crew of 58.

LONDON, Nov. 27.—The American steamship Actaon was torpedoed on Sunday, and a dispatch from Cornwall, Spain, reports. Twenty-one survivors have arrived at Port Camarinas. Three boats with the remainder of the crew were missing.

NEW YORK, Nov. 27.—Fifty-eight men, including 26 American citizens and five naturalized Americans, comprised the crew of the American steamship Actaon, reported sunk off the European coast. A dispatch from London today said 21 survivors had reached Port Camarinas, Spain, and that the other members of the crew were missing.

The London cablegram made mention of the United States ship gunners aboard, nor did the names of any appear in the records of the United States shipping commission here. It is assumed there were some on board, inasmuch as the vessel was controlled by the United States ship plying board.

EXTEND TO ALL PORTS.

THIRTY-ONE GERMAN VESSELS IN BRAZIL ARE COMMANDEERED
Will Be Used To Carry Food Supplies To Allied Nations.

Rio Janeiro, Nov. 28.—The Brazilian Government has reached an agreement with France for the use, under the Brazilian flag, and for a period of one year, of 30 former German ships held in Brazilian ports for the purpose of joint action in provisioning the Allied countries in one out of the two years of the war. The vessels have a total tonnage of 250,000. It is expected that the ships will be useful for the export business as well as in adding to the carrying capacity of the Allies. All the states of Brazil have agreed to the arrangement.

STAFF OFFICERS FROM GERMANY BEHIND LENINE

All Communications Have Been Broken Between North and South.

MEANS ANOTHER ENEMY

Washington Predicts That the Allies Will Break Off Relations.

LONDON, Nov. 27.—Information was received here today from Petrograd that a number of German staff officers have arrived there and are acting in an advisory capacity to Nikolai Lenin, the Bolshevik premier.

All communication has been broken between North and South Russia. The foreign embassies at Petrograd are unable to establish any touch with Odessa and other points in Southern Russia. Official messages are reaching Odessa by way of Persia.

MEANS RUPTURE WITH ALLIES.
WASHINGTON, Nov. 27.—Official confirmation of the news from London that German staff officers are in Petrograd acting as military advisers to the Lenin faction probably will be followed promptly by action on the part of the United States and the Allies definitely to place the Bolshevik regime in the line of the purpose of the Bolsheviks is removed, and the Allies will be obliged to withdraw to a neutral capital, probably Stockholm, to await instructions from their governments. Such a development undoubtedly would be followed by immediate cancellation of all orders now in process of execution for military and other supplies for Russia.

With the United States and Japan. Several cargoes from the United States are now on the way to Vladivostok, but these can be diverted by wireless communication and it has been understood that their delivery would be continued on condition that they would not fall into unfriendly hands.

Situation Most Serious.
With Germans openly advising Lenin and his followers, it is assumed that efforts will be made to carry Russia into the position of an active ally of the central powers. This might prove a serious situation by making available to Germany the vast stores of food, oil and cotton of Russia, and even more so, the Teutons found it impossible to convert the disorganized country into an active military ally, the million or more German, Austrian and Turkish prisoners held in Russia would be freed for service with the central powers.

Ever since the overturning of the Kerensky Government, Russian conditions have been expecting such a crisis as exist today in Russia. Without being hostile to any one, the Russians found it impossible to convert the disorganized country into an active military ally, the million or more German, Austrian and Turkish prisoners held in Russia would be freed for service with the central powers.

Strong hope is felt that an attempt by Lenin to turn Russia over to Germany will meet with powerful resistance at home. Any action decided upon by the Allies will be directed at the Petrograd extremists and not at the people of Russia.

Reports that come from the Don Cossack country that General Kaledines may be the master of the situation, which has control of the food which is necessary to maintain any military force in the north of Russia, have encouraged military experts here to believe that in spite of the aid of his German advisers, Lenin and his faction may be brought to terms.

ALLIES HAVE PROTESTED.
PETROGRAD, Nov. 27.—General Dukhonin, the Russian commander-in-chief, has sent an order to the Russian army, pointing out that the Entente had protested to the Russian supreme command against any breach of the treaty of September 5, 1915 (the treaty of London) pledging the Entente powers not to make separate peace with Germany, and that any such breach would be a separate peace, would be fraught with serious danger, according to the semi-official Austrian correspondence bureau, says a Vienna dispatch.

The Russian supreme command has announced, according to the same authority, that the United States had stopped the transportation of supplies to Russia, and that the United States had stopped the transportation of supplies to Russia, and that the United States had stopped the transportation of supplies to Russia.

U. S. HORN OF PLENTY FILLED TO OVERFLOW; HARVESTS GREATEST IN HISTORY

Thanksgiving Will Celebrate a New High Record of Prosperity.

Washington, Nov. 28.—Thanksgiving Day (tomorrow) finds the United States' horn of plenty with new high record fullness.

Responding faithfully to President Wilson's appeal and the needs of a war-torn world, American farmers have made a great record of production, being 66,000,000 bushels more than the 1912 record crop, and 608,000,000 bushels more than last year.

Counting the country's greatest crop, accounts for about one-third of the increased total farm products value of this year. It is estimated at about \$1,452,000,000, compared with \$2,226,000,000 last year.
