

## ORIENTS CELEBRATE 28TH ANNIVERSARY AT BANQUET TABLE

Club Has Made Great Progress  
During Past Year.

Success and the Orient Club go hand in hand—the 28th anniversary banquet of that organization, held in the Tivoli-House last night, proved this beyond all doubt. Members new and old, from far and near, were there. And each one of them was full of the spirit of co-operation that has marked and has been responsible for the club's present flourishing condition.

After everything on the menu had been disposed of, toast was in order. Responding to "Canada," S. K. Milroy declared that the growth of the organization which had gathered for the event of the year was in correspondence with the wonderful growth of our native land. As Canada had advanced and would advance, so would the club go forward, attaining new goals and increasing in strength and influence.

President G. R. Brinkne was sure that the banquet was "the best yet," and that the phrase "better and better" ever could be applied to the past year of the club's history.

Review of History of Club.  
"Our Club" was ably responded to by Honorary President B. L. Parkinson, who outlined the growth of the organization during the past quarter of a century. The club originally had six members, he said, and by 1919 it had grown to 100. The club's history was a brilliant, bright and sparkling, was chosen as the name, and, judging by its record, it had the right to be proud of its name. Since that time many minstrel shows had been staged and many city championships, both in baseball and hockey, had been won.

By carefully selecting its personnel and by prohibiting card-playing on Sundays and gambling at all times, it had come to be looked upon as a club to which clean sports and the "good scouts" of the city were eager to become attached.

Other toasts were:  
"Absent Members," responded to by Blake Jones.  
"Our Guests," Acadian Club, Hermitage Club and Manhattan Club.  
"The Retiring Secretary," H. Downs, by E. Servis.  
"To Lew Davis," by J. Jackson.  
"The Ladies," by Gordon Burdick.  
"The Benediction," by Rev. Rogers.  
"The Bachelors," by George Stevenson.

The Future: Aim no higher than the sky, fair youth," by Basil Healey.  
"New Members: Divide always the wheat from the chaff," by Harold Dodge.  
"Our Friend," by Percy Ashton.  
Following in a musical program which "went over" good:  
Solo, Mike McKeough; solo, Atchell Henry; selected, Miss Gilmore; W. Kedon and Company; solo, Frank Emley.

With the singing of popular selections and "God Save the King," the assemblage broke up in the wee sma' hours of the morning. As each member returned home, he voiced the unanimous sentiment that it had been "some affair."

## VOICE OF THE PEOPLE

To the Editor of The Advertiser:  
I have been noticing the sparks from Gipsy Smith's gun during his campaign in your city, and they are certainly a very great blessing to humanity. You should ask the patriotic citizens of London for their prayers that they would kindle fires all over this Canada of ours, during our reconstruction period. Truly yours,  
R. S. DUNLOP,

## SEVERAL OUTDOOR SKATING RINKS TO BE PREPARED HERE

Only Waiting For Real Frost  
To Come.

Municipal open-air skating rinks are to be built in different parts of the city as soon as weather conditions permit. Mayor C. R. Somerville declared this morning, Victoria Park, as in other years has been selected as the site of one of the rinks.

The Federal Square, as a result of the solicitations of those who would like to see an ice space in such a central place, has been chosen as another place where there will be skating this winter.

The Cove ponds, in all likelihood, will be operated by the civic authorities, and possibly two sheets of ice will be made at the eastern and northern sections of the city.

Mayor Somerville was of the opinion that "outdoor skating was more enjoyed than that within an arena, and thought that with a dressing-room at each rink and careful supervision, the young and older folks could spend many pleasant hours.

## PROVIDE OPPORTUNITY FOR POSTGRADUATE COURSES IN FRANCE

Plan Is Mooted by Which  
Province Would Establish  
Scholarship Fund.

Toronto, Nov. 27.—A plan whereby students of the Ontario colleges and universities can take post-graduate work at educational institutions in France was outlined to Premier E. C. Drury and Hon. R. H. Grant, minister of education, at a conference here today with Philippe Roy, commissioner-general for France in Paris. A grant from the government was requested to assist in the work, and Mr. Drury and Mr. Grant assured Mr. Roy that they were in sympathy with the scheme.

The proposal has been made to the other provinces and they are understood to be favorable to the plan. The scheme is for the Government to provide scholarships for post-graduate work in France. The number of students allowed to take the courses would depend on the size of the Government grant. The selection of the students would rest with the Government, but it would probably appoint some body or institution, such as a university, to look after such details.

In connection with the post-graduate courses, a memorial home is to be established in Paris for the students of this country who will be temporarily in France. The home will be provided by private funds and not by the provincial governments.
