ufacturing News, Toronto, makes the following comment:

It is taking an increasingly large amount of money to carry on business in some sections of the steel and iron world, as well as in the machine tool trade. Right now the steel warehouses of Canada face a position that gives them the option of sitting back and waiting until mill shipments come in or going out and paying a high price for material they can procure at once. The firms that are carrying on under the latter conditions take on a greater risk with every purchase they make, for their only safe course is to get the material in and sell it at once before material in and sell it at once before there is a chance of decline in prices. Many of these places have material on order, but not delivered, at 2.62 cents order, but not delivered, at 2.62 cents per pound, while they are paying 8c cents per pound for shipments which they can get inside of a week or two. Deliveries at best are very poor, and show no indication of being influenced by the talked-of improvement.

of losing quite a few orders for the Canadian trade.

There is nothing brisk in the machine tool trade. Some of the houses are going as far as to quote spot delivery on a large number of their lines, which is quite a change from the extended schedule that has been in force for many months. The New York market is dull, and it is expected that should this continue, some of the makers will be out looking for business, signifying a return to something near normal conditions. ditions.

By the anti-Bolshevik papers it denounced, one of them saying: "It will bring nearer that diplomatic recogni-tion of the soviet government which we especially detest and dread." Premier Lloyd George, whom these papers regard as anxious to establish relations with the soviet, is sharply criticized, as one of them puts it, "for surrendering to the Bolsheviki and creating by his policy a very serious situation."

### TAXICABS' FLEETS BATTLE IN CHICAGO

Yellow and Checkered Cars Have West Side War.

Chicago, July 28.—A battle between fleets of taxicabs, in which the vehicles were manoeuvred according to the best strategy of tank warfare, while their drivers fired hundreds of shots at each other, raged through the early morning on the streets of Chicago's west side today. morning on the streets of Chicago's west side today.

The battle was the result of long standing differences between drivers of the Yellow Cab Company and the Checker Taxi Company, a rival concern. For hours the battling drivers played every trick of mobile warfare against each other that they could think of. Strings of yellow cabs in line rushed past the headquarters of the Checker Company at breakneck speed, emptying revolver broadsides into the latter's offices. Rallying, the black and white checkered cabs of the attacked concern dashed out en masse and ripped into the yellows for counter-attacks, according to the best tactics of shock action. action.

While these major engagements were being fought, numerous individual battles were fought by drivers, who, racing their taxicabs hub to hub, emptied their pistols at each other at close

administrators Nova Scotia ever had. He also deplored the defeat of Col. Ralston and D. A. Cameron, the two young men of brilliant qualities and devoted to duty. "I am naturally highly pleased at the victory the Liberal party has won," he said last night. "I accept, not exultingly, the verdict of an honest electorate."

MURRAY WILL HAVE STRAIGHT MAJORITY OF 17 IN THE HOUSE

Halifax, July 28.-Winning thirty seats in a House of forty-three, the Liberal Government, under the leadership of Premier George H. Murray, was returned to power with a clear majority of seventeen over farmers, and Conservatives, in the election throughout Nova Scotia yesterday. The farmers elected seven candidates, labor five and Conservatives one. The last House of Assembly was composed of thirty-two Liberals and eleven Conser vatives. Among the more prominent candidates defeated were Hon. E. H. Remson, commissioner of public works and mines, one of two Liberal candi-dates in Yarmouth; Lieut.-Col. J. L. dates in Yarmouth; Lieut.-Col. J. L. Ralston, C.M.G., one of three Liberal candidates in Cumberland, and W. L. Hall, leader of the Opposition, one of two Conservative candidates in Qucens. Mrs. R. W. Rogers, one of two women candidates in the field for the first time in Nova Scotia, led the defeated Conservative ticket in Cumberland, and Mrs. J. M. Donaldson, the other one of two labor candidates in Pictou, footed the poll in her constituency.

Hon. W. S. Fielding, addressing at impromptu meeting last night, said that the victory had been one for good government as well as for the Liberal party, and he was certain that some Conservatives had had a part in the matter. Mr. Fielding stated that among the salient features of the cam-paign in his judgment was the return of all five Liberals in Halifax. He

Up to a late hour this morning complete returns were still lacking from

GOOD RECORD WAS LARGELY RESPONSIBLE

FOR MURRAY'S RETURN Brantford, July 28 .- The Brantford Expositor, Independent Liberal, says: "The expected has happened in Nova Scotia. The Murray Government, after a record of 34 years of office, has been again returned to power by a decided majority, thus escaping the fate of the Hearst Government in Ontario and the Norris Government in Manitoba. This Norris Government in Manitona. This is due to the exceptionally good record of the Government, and to the fact that the labor and the farmer movements in the blue nose province are not yet strong enough to overthrow the existing order of things, although exhibiting sufficient strength to obtain a small minority in the Legislature as a result of yesterday's polling.

Thus the Murray Government is en-

trenched in power for another four years. The most noticeable feature of the contest, however, was the almost total annihilation of the Conservative party and the significance to be attached thereto in view of a possible general election for the Dominion in the near future.
