

THREE HURT IN MEXICAN RIOT OVER EXPULSION

Expected Arrest of Catholic Bishop Is Cause

TROOPS STONED

Fire Into Crowd With Machine Guns; 2 Women And Man Wounded

MEXICO CITY, March 19.—A special despatch from San Luis Potosi says that two women and one man were wounded during the riot growing out of the popular belief that the authorities intended to arrest the Roman Catholic Bishop Monsignor Miguel De La Mora.

Yesterday afternoon municipal gendarmes unexpectedly appeared at all the Roman Catholic churches. Large excited crowds congregated. The majority in them were women. Then followed a demonstration which almost reached the proportions of a riot, notwithstanding an announcement that the gendarmes had only been instructed to fulfil orders to limit the number of priests in the churches.

The demonstration culminated in the authorities calling out Federal troops with machine guns. The crowd in-

THROUGH ICE INTO RIVER AT ELGIN

ELGIN, March 18.—While Percy Pollock was hauling wood across the ice on Pollet River recently the ice gave away under his team precipitating them into the stream. Fortunately there were men near to come to his assistance but it was two hours before the horses could be cleared from the icy water. The congregation of the Baptist church enjoyed a well delivered sermon by Rev. Stanley Steeves, of Hopewell Hill. On Sunday evening, Mr. Steeves is a student, almost through college. He has been invited to fill the pulpit on next Sunday evening. The church has been without a pastor since September, when Rev. Wm. Geldart resigned.

mediately attacked the soldiers with stones. The troops fired and two women and one man were wounded. During the night Governor Abel Cano issued a proclamation saying it had never been intended to arrest the bishop and that the authorities were not enemies of religion. The proclamation added that the people must obey the law and that the authorities intended to enforce the provisions of the Mexican constitution with regard to churches.

A despatch to the Department of the Interior here from the Governor of San Luis Potosi says the trouble began because of a recent decree limiting the number of Catholic priests to 80. These eighty-five ministers were required to make a certain application to the local authorities. None complied and the authorities ordered the closing of all churches.

ICE IN RIVERS STILL HOLDING

Saint John Open Twelve Miles On March 11 Last Year

Opened For Navigation on April 5 and Kennebecasis on March 27

The cold weather of the last few nights has frozen a crust over the Saint John and Kennebecasis rivers and it is reported they are still safe for crossing. On the city streets the sun has made havoc of the snow banks and they are rapidly passing.

ABOUT A YEAR AGO
On March 11 of last year the Saint John River had clear water for 12 miles above Indiantown. The Telegraph-Journal of March 12, 1925, states that on the previous day "the Saint John River was reported clear of ice to Carter's Point. Not much ice was running yesterday as there was very little wind but the warmth and the rainfall yesterday would do their share in helping to break up the thinning covering of ice, which has been greatly weakened by the most unusual mildness of the February and March weather. At Westfield nearly all the smaller creeks along the shore were cleared of ice but near the C. P. R. station some was still clinging in the larger bay."

EARLIEST OPENING DATE
The earliest date for the opening of navigation on the Saint John River was April 1, 1848.

Last year navigation on the Kennebecasis was begun on March 27, when the Gondola Point ferry made the first trip of the season. The steamer Majestic made a trip to Fredericton on April 5 last year.

WAS HELD UP
She was held up at Upper Mangerville throughout the night of Saturday, April 4, by ice jams and floating ice, and reached the capital early on Sunday morning, April 5.

SPRINGHILL AFTER TAX DELINQUENTS

Collections Placed in Hands of Police; \$13,000 Gathered in

SPRINGHILL, March 18.—The police campaign for the collection of overdue taxes, is bringing good results. Since the collections were placed in the hands of the force \$13,000 has been paid into the town office on account of taxes for 1925 and previous years, and the prosecution of delinquents is still going on. Up to this week a short stay in jail was necessary in only four cases in order to impress the tax payers that the demand for back rates was earnest, and this procedure had an excellent effect in other quarters yesterday. An additional \$200 warrants for unpaid taxes were prepared and will be handed to the police today. The prompt collection of these overdue amounts has improved town finances. The overdraft at the close of 1925 has been reduced to about seven thousand dollars, and the situation is improved generally.

SAYS BEAVERBROOK HELPED THE IRISH

Newcastle Priest Credits Him Largely With Present Irish Harmony

NEWCASTLE, March 18.—Speaking on Ireland's history, in St. Mary's Catholic church, here, on March 17, Rev. Father Dixon paid a tribute to Lord Beaverbrook, Canadian-born British statesman. Recalling the troubles and vicissitudes which have been Ireland's fate for so many years, and the unsuccessful attempts made to bring about a harmonious understanding, Father Dixon lauded Lord Beaverbrook as one of the few diplomats capable of bringing the situation to a basis from which an understanding could be reached.

Concluding, Father Dixon said that he rejoiced with the Newcastle people that Lord Beaverbrook, though not one of his congregation, was a fellow townsman, and the fact that he was to so large an extent responsible for the present harmony in Ireland was a thought that would bring additional joy to all local sons of Erin on St. Patrick's Day.
