EVANGELIST HEARD IN TWO ADDRESSES

Rev. Dr. Crossley Speaks of Four Types of People

Powerful and appealing addresses were delivered yesterday by Rev. Dr. H. T. Crossley who opened a series of evangelistic meetings which continue in St. John for a number of weeks under the combined auspices of the Waterloo street Baptist, Zion and Exmouth street Methodist, Tabernacle Baptist and Cohort street Christian churches the music of the services was under the direction of Dr. Crossley's co-worker, J. H. Leonard. In the morning Dr. Crossley spoke in the Tabernacle church, his subject being, "Three Principles of the Christian Church." The mass meeting in Exmouth street church at 8 o'clock in the evening was attended by about 1,200 people, every seat in the auditorium and large gallery being required to accommodate the people.

Dr. Crossley in appearance was as youthful as when he visited St. John 28 years ago and he lost nothing of his old time vigor. His address made a profound impression and at its conclusion a great many of his old friends came forward to shake him by the hand and extend hearty greetings. The mass meetings in the evangelistic campaign are to be held each night in Exmouth street church.

Last night Mr. Leonard led the large choir and himself sang two solos and, with Dr. Crossley, took part in a duet "The Old Account Settled Long Ago." For his theme last night Dr. Crossley took the first psalm and told of the four notable characters described in the psalm which might be found in St. John. There was first the moralist, who was a fine type as such and because of his serene and beautiful exterior was frequently mistaken for a Christian and a church member. In spite of his seeming serenity Dr. Crossley declared that the moralist was one of the hardest types to reach and the only thing that could save such was genuine experience and the acceptance of Christ but they were more apt to be hypocrites than was the most fervent sinner.

The second type of which Dr. Crossley spoke was the sinner, who, although from 10 to 100 times as good as the moralist in his way of living, was more apt to be reached by Christian teaching. It was his habit to brag after 40 years of evangelistic work, Dr. Crossley said, that the sinner was more readily won than the moralist and recently entered into the Kingdom of God than did the moralist.

The skeptic was the third type of which Dr. Crossley spoke and such he described as irreverent, casting aspersions on the Bible and the Christian religion. He gave a convincing illustration to explain the condition of skeptics. He told of the experience of Dr. Maxwell while he was on a tour of evangelism. Several young men who had been attending the evangelistic meetings and were very much interested in the service and one young man in particular was a worse offender. His companions rebuked him but he continued and the next day he was passing the preaching house while driving a pair of spirited horses he replied to query as to where he was going by shouting "To Hell." Hardly had he spoken when the horse sprang forward and he was jerked backwards. He fell head first on the hard road and was killed. The terrible consequences of irreverence could not have been more fully demonstrated, said the speaker.

As the fourth type of man Dr. Crossley described the blessed, who walked not in the counsel of the ungodly, He depicted the state of the Christian whose life was peace and whose end was joy everlasting.

GIVES ADDRESSES EDUCATION SUNDAY

Dr. George J. Trueman, M. A., Ph. D., spoke at Centenary church yesterday at both services. In the morning Dr. Trueman spoke on the religious influence, which he said was gained in the home and from the mothers. His references, he said, were taken from young men who were offering for the ministry and who had given testimony to being led to their high calling through consecrated mothers.

Dr. Trueman urged the people of St. John to see the need of saving to the Methodist church the best minds and the young men with thorough consecration to God's work in the church. He did not hesitate to ask for money from men who were not sending out sons to preach. Their obligation was clear to assist those who were giving up monetary comfort to make the world better and safer to live in, he said.

In the evening, the general education and the advantages at the Mount Allison institutions were cited with interesting emphasis on the needs of colleges all over Canada.

Yesterday was Educational Sunday in the Methodist Church of Canada and was marked by a special collection or subscription to be paid up in time before May, 1936. The large congregations reported well to Dr. Trueman's appeal and many signed subscriptions. The allotment for Centenary by the General Conference is \$300.

RIVER SEASON'S NEARING ITS END

Last Trips of Steamers are to be Made This Week.

This week will see the last trips of the St. John River boats for this season. The Steamer Oceanic arrived at Indiantown on Saturday night from Wickham and will not make another trip before the spring. She will be tied up in winter quarters. The Hampton went out on Saturday for Bellefleur Bay and it was expected that she was making the final trip to the Bay this season. If freights were offering in sufficiently large quantity, however, it was thought possible that another trip might be made on that route before navigation closed.

The Hampton will leave Indiantown on Tuesday morning and will make one trip to Wickham, returning to St. John on Wednesday. The Premier is to arrive today from Grand Lake and it was expected that on reaching the city she would lie up for the winter months.

The St. J. Purdy which is on the Fredericton route, was the first steamer to be taken off and the Majestic, on the Wakeham route, was the second. The Majestic made the Fredericton route for a time and has now been transferred to the Wakeham route. Captain Herbert Crabbe, of the Majestic, left on Saturday evening by the Valley Steamer for the Wakeham route. Captain Sterritt's Landing on the opposite side of the river from Browns' Flat is no longer to be a point of call for the river boats and people in the surrounding district, as well as the steamboat men, much regret this discontinuance of service. The winding up of traffic at that point has been made necessary by the fact that Newton Sterritt, who has been tending the boats there, has removed to St. John. His father and his grandfather before him have tended the steamers stopping at the landing and at one time there was considerable freight handled from that point. Sterritt's landing is 20 miles from St. John on a long point of land which runs out towards the Mistake which is on the opposite side of the river.

BISHOP SUPPORTS Y. M. C. I.'S DRIVE

His Lordship, Bishop LeBlanc, added impetus to the membership drive of the Y. M. C. I. by sending out a letter to each of the St. John Catholic churches which was read yesterday morning. The letter urged the interest of all in the campaign, and recommended the Catholic men and boys to become members of the Institute.

This report was one of several given by the various committees at the regular weekly meeting of the Y. M. C. I. yesterday afternoon in their rooms in Cliff street. Dr. John P. Nugent spoke with enthusiasm of the amateur athletic meet of Friday evening in the Arena and of the encouragement it had given to the promoters of amateur sport.

In the absence of Dr. W. P. Broderick, President, Harry Pierce, vice-president, was in the chair and conducted the meeting which was well attended.

No. 2 of a Series PRESBYTERIANS!

Do you Know the Full Meaning of the Proposed Bill for CHURCH UNION

The four main provisions of the Bill are plain and simple. They are as follows:

- (1) It would create a new corporate body, to be called the United Church of Canada.
- (2) It would merge in this new corporate body the entire Presbyterian Church in Canada—its name, its ministers, its members, and its property.
- (3) It would provide that, within six months, a congregation may vote itself out of this new corporate body.
- (4) It would provide a commission to decide as to the equities of congregations voting themselves out in the general property and funds of the Presbyterian Church.

WHAT THE BILL MEANS:

- (a) If this bill becomes law, then the Presbyterian Church in Canada passes out of existence—her very name is abolished. Canada would be the only civilized country in the world in which there is no Presbyterian Church.
- (b) All the ministers and members, all the property and funds of the Presbyterian Church would, by law, become the property and form part of the United Church.
- (c) This would mean coercion, for many ministers and members of the Presbyterian Church would be compelled by law to become members, and become subject to the discipline of an organization in which they do not believe and which they do not desire to join.
- (d) A congregation must vote itself out within six months or ever after remain part of the United Church. If a congregation does vote itself out—it is out in the cold with a vengeance, for there will be no Presbyterian Church in Canada with which to unite.

These are the outstanding features of this Bill, and they show that Union, at this time, is out of the question. If Union can only be accomplished upon the terms of this Bill, then surely every true and loyal Presbyterian must conclude that Union should not now be consummated.

MANY HAVE CLOSE ESCAPE IN BLAZE

Mother Saves Four Children From St. James Hotel Fire.

Mrs. Maggie Brewer, proprietress of a lodging house at St. James Hotel, 7 St. James street, in the Reed's Point district, proved herself a heroine shortly after one o'clock this morning when she swept rapidly through the third story of the building. Mrs. Brewer, aroused from sleep by dense smoke, collected her four young children lying asleep and carried and dragged them from the hotel, escaping by means of the back staircase. All the lodgers in the building got out safely although several were thrilling escapes. The hotel was damaged to the amount of about \$5,000. Mrs. Brewer and the lodgers lost nothing of their effects, bringing the total loss to probably \$7,000.

The fire is supposed to have been caused by the explosion of a lamp in the hall on the first floor of the three-story brick building. Everyone in the house at the time on the third floor was asleep, but one lodger who was in bed on the second floor was awake. So rapid was the spread of the flames that the lodgers had no time to save anything but the clothing they escaped in. Three lodgers, all men, escaped by means of the life-saving ropes coiled up in their rooms. The others had time to leave by the stairs.

Mrs. Brewer and her youngest child, Constance, aged four, were asleep in one bed and the other children, Anderson, aged 11, Elaine, aged nine and Kathleen, aged seven, occupied the same room. Arousing her children, Mrs. Brewer seized Constance, whom she carried in her arms, and dragged Elaine and Kathleen along with her, the boy being able to walk before his mother. The party rushed through the flame-filled hallway and succeeded in reaching the stairway without receiving burns, although Mrs. Brewer's face was blackened by the dense smoke. The family was cared for by neighbors. Mrs. Brewer is the widow of Nehemiah Brewer. She carried \$8,000 insurance on her furniture.

The firemen soon responded to an alarm from Bell's, located on the St. John Hotel, alongside the St. James Hotel, Patrolman Edward L. Hughes pulling the hook 1:15 a. m. The fire from the lower floor ran up the stairway area to the top floor which was completely smoked, and wooden ell was somewhat damaged. There was a heavy water run on the first and second stories. The blaze was out in half an hour. For a time flames issued from the roof.
