AVENUE CROSSING TO COST \$100,000
 Expense to be Shared by Four Interests

Progress in Lancaster Ferry Matter — Recommendation for Humane Treatment of Children and Animals—City Hall Meeting Today.

Some headway was made this morning at a committee meeting of the common council towards getting into operation the Lancaster-Indiantown ferry, when members of the commission were told to proceed with the purchase of necessary equipment in order to have the inspector's certificate obtained. Commissioner Bullock, chairman, George Mullin, secretary, and Councilor John T. O'Brien, member of the Lancaster-Indiantown Ferry Commission, spoke on the matter of the ferry. A letter was read from Captain Bennett stating what equipment was required before a certificate could be granted, and costing \$384.50. Commissioner Bullock stated that the original motion of the council authorizing a bond issue of \$2,500 for the purchase and equipment of the boat be rescinded and that an issue of \$3,415.51 be authorized.
 As Commissioner Thornton was not present and an unanimous vote could not be obtained, the matter was not decided, but the commission was advised to proceed with the equipment of the boat and to hold the bond matter would come up on Tuesday.

Overhead Crossing.
 Reporting on the cost of the proposed overhead crossing at the end of Douglas avenue, G. G. Hare, the city engineer, made the following estimates:
 Concrete arch \$40,000
 Retaining walls 12,000
 Filling 25,000
 Excavation 20,000
 Engineering 3,000
 Total \$100,000
 He said that the land required for the crossing would be taken from the properties of H. G. Weeks and Isabelle M. Kingston, but in his opinion the land would be enhanced thereby.
 The mayor said that 25 per cent of the cost would be borne by the board of railway commissioners and the board would apportion the balance among the C. P. R., the N. B. Power Co., and the city. He said he was taking the matter up further with the railway commissioners.
 Mr. Bullock expressed the opinion that the city would assume its share of the expense, which was less than he had anticipated.

Advocate Humane Treatment.
 A letter was read from the National Council of Women of Canada asking the council to approve resolutions passed at the recent annual meeting against the exhibition of deformed freak children and the caging of wild animals. On motion of Commissioner Frink the letter was received and recommended to the council.
 On motion of Commissioner Frink a bill for \$276.35 for a new yoke for the city's large steam roller was ordered paid to the Union Foundry. The commissioner explained that the roller had been loaned to the Stephens Construction Co. at \$150 a month and it was while with them that the break was discovered. George Waring, however, reported that the break was one of thirty years standing and the Stephens company was not held responsible.

FATHER KILLED IN DUBLIN SHOOTING
 Sad News From Ireland Comes to F. A. Corringham Here.

To be looking forward to a visit from his parents in a short time and to receive word that his father had been killed in a riot in Dublin was the sad experience of F. A. Corringham, who is employed at Manchester Robertson Allison's Ltd., and resides at 94 Wall street. Mr. Corringham came to this country at Christmas 1916 and has been in St. John since. It was planned that his parents should come to Canada from their home in Dublin and pay their son a visit in the latter part of the winter. Having been separated from them for four years, Mr. Corringham quite naturally, with great pleasure, was looking forward to seeing them.
 On Monday he received word that his father had been killed. From the meagre information available it appears that Joseph Corringham, the father, who lived at 27 Lower Gardiner street, Dublin, was passing along the street when he was struck in the abdomen by a bullet and almost instantly killed. He was a wholesale tobacconist and newsagent at Eden quay near Liberty Hall, and was fifty-three years of age. He had emigrated from a store into Talbot street when he was struck. The body was conveyed to the Jervis street hospital where it was later identified.

Mayor Fisher of Ottawa will request that business in that city be suspended for an hour on Friday, Armistice Day, from 11 a. m. to 12 p. m., so that the public may participate in a G. W. V. A. celebration.
