GOOD THINGS COMING TO THEATRES OF ST. JOHN

BIG AND ALL NEW AT GEM TONIGHT

There's a fine new programme at the Gem tonight at 7.15 and 8.45. Rose and Flynn and Seda and Hoot in two sterling vaudeville acts and Dustin Farnum in "The Scarlet Pimpernel," a big story of the reign of terror in France in 1793. The story deals with the attempts of a band of revolutionary leaders to catch a group of Englishmen who are rescuing condemned noblemen from Paris. The conspirators are headed by Sir Percy Blakeney, known as "The Scarlet Pimpernel" (Dustin Farnum). Thrills, mystery and romance in great story.

"MY FOUR YEARS IN GERMAN" AGAIN TOMORROW
The remarkable picture illustrative of the terrible narrative, "My Four Years in Germany," which picked the Imperial Theatre both afternoon and evening Monday and yesterday will be continued again today and tomorrow, starting with a one-show matinee at 2.30. The evening exhibitions will commence at 7 and 9. The prices are fifteen cents in the afternoon and fifteen and twenty-five at night. The best advertisement for this ten-reel re-living of the interred American ambassador's experiences in the notorious nest of war-lustful crooks and brigands in Berlin is the testimony of those who have already seen it. Nothing has so stirred the minds of St. John people on the justice of this war for liberty. It is a picture every adult and child of understanding should see.

DO YOU SUFFER FROM BACKACHE?

When your kidneys are weak and torpid they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be depressed and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer.

The old reliable medicine, Hood's Sarsaparilla, gives strength and tone to the kidneys and builds up the whole system. Hood's Sarsaparilla is a peculiar combination of roots, bark and herbs. No other medicine acts like it, because no other medicine has the same formula or ingredients. Accept no substitute, but insist on having Hood's, and get it today.

In Victory Loan Appeal Canadian Commander Makes Statement That Will Stir Pride

Winnipeg, Oct. 9.—Sir Thomas Whitt, in opening the Victory Loan campaign last evening, made public the following cable from Sir Arthur Currie, commander of the Canadian corps:
"You are about to launch another Victory Loan campaign, the result of which will be watched with interest by every Canadian soldier in France. We have just won our third great battle since Aug. 8, in which the Canadian corps has met and defeated forty-seven of Germany's best divisions, has captured 28,000 prisoners, and more than 500 field and heavy guns, and has liberated sixty-nine towns and villages. Great as have been the material results, the moral victory is greater. These remarkable achievements would not have been possible without the most loyal support and encouragement from home. A continuance of that support is imperatively necessary to consummate the final victory, of which we are all confident. The people of Canada will, I am sure, respond most generously to your appeal."

MORE ST. JOHN MEN TODAY IN CASUALTY LIST

The first word that Mrs. Carson of 827 Charlotte street has received from her soldier husband since last November came to hand this forenoon in the form of an official telegram, reporting his being wounded in the recent fighting in France. Private Carson's injury is gunshot in the knee, and his relatives feel relieved and thankful that it was not worse. The wounded man joined the 140th battalion, leaving a good job in Pender's mill factory. He has seen much fighting in his two years overseas, judging from the reports emanating from his unit, for the man himself, as before-mentioned, is a fairly correspondent. "It makes me homesick to write letters," he once wrote home, "so don't expect many."

However, Mrs. Carson, wife, and Mrs. Carson, mother, have not missed sending him letters every mail. The soldier has a fine little three-year-old boy at home as well.

Pte. P. L. Wheaton, Water street, West St. John, received a telegram this morning from Ottawa, stating that her son, Private Percy L. Wheaton, was dangerously ill in No. 1 Canadian Hospital in France. Yesterday Mrs. Wheaton received a telegram stating that he had been dangerously wounded. He is twenty years old and went overseas as a member of a local infantry battalion. Prior to enlisting he was employed in the grocery store of Harry Smith, West St. John.

Pte. Parks Recovery.
Mrs. Dow Parks, of Millidge street, West St. John, received a telegram this morning stating that her son, Pte. Alfred A. Parks, was coming around nicely and is transferred to No. 5 Rest Camp. Private Parks was wounded on August 27.

Pte. E. J. Belding.
Mrs. Edith M. Belding of Erin street received word this morning that her husband, Pte. Edgar John Belding, was wounded in the back. Pte. Belding left here with the 115th Battalion and was later transferred to another unit.

Pte. G. J. Applebee.
Mrs. Elizabeth Applebee, of 98 Acadia street, received a telegram from Ottawa this morning notifying her that her son, Pte. George Jackson Applebee had been admitted to hospital in Danes, Camiers, on September 28, suffering from a gunshot wound in the left leg. Private Applebee went overseas about a year ago.

N. B. CASUALTIES
Today's Ottawa list includes E. W. Fraser, Nine Mile River and D. McLean, Sunnyside, killed in action; Lance Sergeant C. H. Williams of Fairville, P. L. Wheaton, St. John; F. W. Golden, Upper Kent; Capt. G. A. Good, Fredericton; H. Lister, Fairville, wounded.

IF YOU'VE THE FLU DON'T TRY TO FIGHT IT
Dr. Hastings' Advice Bed When First Symptoms Appear.
"If you feel any of the symptoms of influenza, whether of the Spanish, American or Canadian types, don't fight it—go to bed."

This was the advice given by Dr. Hastings of Toronto, when asked if he had any message for the citizens, in view of the prevalence of Spanish influenza in some of the cities of the United States, particularly Boston. "The great trouble is they think that they can fight the disease, and stay up until symptoms of pneumonia develop," the doctor emphasized the importance of isolating persons suffering from influenza.

NO HARD COAL IS USED.
"There is not a pound of hard coal being used in the city hall, nor has there ever been since it was constructed." This was the positive statement made by Fuel Commissioner Chisholm, says the Toronto Star, in reply to a suggestion made by the central council of the Ratepayers' Associations that he be asked to burn soft coal at the municipal buildings.

"How about the fire-halls and other public buildings?" the commissioner was asked.
"No hard coal is being used in any of them."

HEAD OFFICE TORONTO

L. J. Lowe, Provincial Manager
Royal Bank Bldg., St. John

THAT the strong arm of protection is ever about those we love, is a beautiful—
—a comforting—an inspiring thought. Every man—if he is a man—has an ambition to shield his family from the consequences of what may happen to him. He knows it is a duty he owes to his wife and children—to those dependent upon him.

Women, by intuition, sense the need of this protection. Every woman has witnessed around her many of life's tragedies and, while unselfishness and pride may prevent her from speaking about it, she has a grim horror of herself having to face some day the same suffering and humiliation as she has seen become the lot of others.

It would be an easy matter by means of an Imperial Monthly Income Policy for you to build about your loved ones a strong and rugged safeguard against which the storms of adversity may beat, but to no avail—a safeguard which, after you are gone, will remain a permanent, tangible evidence of your affection.

It will place you under no obligation whatever to learn all about an Imperial Life Policy suited to your own particular needs. Write for full information today. Tomorrow you may be uninsurable.

SENSATIONAL ARRESTS MADE IN FAIRVILLE

A thrilling scene was witnessed in the C. P. R. yard in Fairville yesterday when J. McVeigh, head of the C. P. R. department of investigation in this city, and one of his assistants, L. A. Remillard, caught two of three men believed to have been breaking open goods in some of the contents.

Mr. Remillard saw the men and sent a hurried call to Mr. McVeigh, who motored to the scene. The three men leaped to the ground and started running along the track towards South Bay. The officials drew their revolvers and fired several shots over the heads of the fugitives and two threw up their hands and stopped. The third crossed the fields and disappeared.

The two men were Yard Master Harry McLeelan and Engineer Atkinson. They were taken into custody and appeared before Magistrate Allingham yesterday afternoon. After some evidence was taken, they were remanded to jail, but were later allowed out on \$4,000 bail each.

THE TERM "DOUGHBOYS"
(Stars and Stripes).
"A doughboy is an American soldier, and American soldiers, infantrymen, artillerymen, medical department, signal corps sharpshooters, officers and men alike, all are called doughboys. Our cartoonist is one, so is General Pershing."
The term "doughboy" dates back to the civil war, when army wit was aroused by large globular brass buttons on infantry uniforms. Somebody (he must have been a sailor) dubbed the buttons "doughboys," because they reminded him of the boiled dumplings of raised dough served in ships' messes and known to all sailors as doughboys. Originally it referred only to an enlisted infantryman, but the A.E.F. applies it to all branches and all grades of the service."
