

Report of the Y. P. S. C. E. FOR 1894.

In submitting our fifth Annual Report, we desire to express our thanksgiving to God for the way in which He has led us during the past year. Truly we have been led by the loving hand of an Eternal Father, and His all sufficient eye hath guided us.

We cannot report an increase of membership, but our members are true earnest workers. We have at present 69 active, 75 associate, 20 absent (still united with our Society), and 11 honorary members. We are proud to report of our absent members, five of whom have entered college in preparation for God's own work. We feel that our Society has been a training school out of which has passed great powers for good in the world, and while we are suffering the loss of a great many valuable members, who have gone to work in other parts of Christ's vineyard, yet we can thank God for these members, and realize that though we are not now privileged to work with them, they are working for the same cause, and our hearts will always be united in Christ.

In reference to our Committee work, we would like to make special mention of the Good Literature, Missionary, and Visiting Committees. The Good Literature Committee has done good and faithful work in the past year—distributing good reading matter to the Barracks, hotels, railway depots, and barber shops. The result of the work of this Com-
