

At our Quarterly Meeting in January we had the privilege of a visit from the Bishop of Athabaska, who gave a graphic account of his work, and told how best we could help him and his people.

In the same month he addressed a meeting in the Church Hall, under the auspices of the W. A., and again told of the noble work he and his little band of helpers are doing.

Later on in the year, we had the pleasure of hearing the Revd. G. Rogers of Ruperts' Land, whose very interesting illustrated lecture on work amongst church people in the Diocese to which he belongs, was much appreciated.

As most of the Diocesan Branches of the Woman's Auxiliary send in to the Provincial Dorcas Secretary an estimate of what has been spent on new material and freight during the year, we have adopted the same plan.

To meet some of the many appeals, which have reached us, it was agreed that each of our Branches be asked to hold an entertainment, the proceeds to be devoted to meeting these appeals. Many of the Branches have responded, and the Treasurer has a sum of money in hand, which we will have the pleasure of voting away to day.

It is with regret that we record the death of several members of the Woman's Auxiliary, and the removal of many from this Diocese.

EDITH CARTER,
Dio. Rec.-Sec.
