ELEVEN COLONISTS Range Passes

WOMEN AND CHILDREN

Several Persons Also Injured in Terrible Fire at Finnish Colony on Malcolm Island.

AMONG THOSE DEAD

Vancouver, Feb. 2.-Eleven persons were burned to death and fifteen seriously injured in a fire at the Finnish colony on Malcolm island. Eight of the victims who perished were little children. fugitives, and if the Pretender is not "I cannot as the control of Table."

The Imperial troops are pursuing the terview: fugitives, and if the Pretender is not "I cannot as the control of Table." The outbreak occurred last Thursday evening, but the news was not brought

The fire broke out in the headquarters building of the Finnish Colonization Company at the recently-established vil- result of the victory of the Sultan's lage of Scintula, which was burned to forces. the ground. The building was a large three story structure, in barracks style, where all the married members of the Interviewed Regarding Proposed New colony lived.

One hundred and twenty people were in the building when the fire broke out. the fire occurred, and those who perished with regard to the position he took:

"Of course I pointed out to the Grand

steamer Coquitlam which passed Malcolm island on Friday, as did also J. W. Bell, who had been visiting the island. Mr. Bell interested himself in securing assistance for the destitute colonists, who have lost everything in the fire. The first consignment of provisions and goods to aid them will be sent from this city by the steamer Cassiar this evening.

Sixteen families, including 77 souls, were burned out and they are now entirely destitute. Everything they had in world was destroyed. The property loss' is over \$10,000.

Mrs. Hantula and four children, who arrived recently from Dakota. Two of the children of the family were saved.

Mrs. Lefbache, widow, and two children. They recently arrived from Exmedical aid. It is feared they will perish the family were saved.

Machunk are ill and destitute from expositions and it is now taken for granted that Captain Mahan speaks for both posure and lack of nourishment, and need medical aid. It is feared they will perish that this utterance is the United States, that his utterance is not accept the burden of responsitension, Vancouver island.

Mrs. Oberj's two daughters. Two

boys of the family were saved. August Sortell, aged fifty. The injured are: Austin McKel, secretary of the colony, face and hands badly burned, and eyesight probably de-troyed; Heinon, blacksmith, burned about the face: Mrs. Neva, who jumped from the second story window and alighted on her head, very serious; Lingren, Nygren, Oberg and wife, all badly burned, with a dozen others more or less

The Colonization company have had many reverses in the carrying out of their ment on Malcolm island. It was a tre-mendous undertaking for the leader of the company, Matti Kurikka, to interest his countrymen and also to secure the co-operation of the government in so far as allowing them the Island as a place of residence. Unacquainted with the conditions in this country the labor which Mr. Kurikka expended upon the the company, Matti Kurikka, to interest furthering of this scheme was stupend-ous. He has been ably seconded in his, efforts by some of the other leaders, notman, who formerly resided at Astoria. fully efficient team. Both were fired with the greatest amount of enthusiasm have to busy all day in office or in Dr. Beckman had lived nearly all his life store, yet she cannot deny herself the in America, and was very familiar with the English language. Upon him of late But the fatigue is has fallen a great deal of work in connection with the settlement's affairs. He has taken up his residence at Sointula. and devoted his attention to the conduct of the business.

The members showed a strong disposition to enter into the pioneer work of) the colony, and it became nearly impossible to keep them from crowding to the settlement. It was necessary therefore to provide immediate accommodation for them. With this object in view sawmill machinery was purchased and established at Sointula, the townsite of the colon-Buildings had to be erected at once, land in consequence temporary quarters had to be hurried to completion before winter set in. It was upon this principle that the large structure which has now been burned was planned and erected. Its destruction by fire will indeed be a the first winter upon the Island have experienced this reverse.
