Titled Hemp Eaters

Hashish is the latest fad of the ashionable beauties of London writes the Marquise de Fontenoy, and within the precints of Mayfair there are at least half a dozen very expentemples. They are thoroughly respectable in the sense that none but women of knowledged position in thing more nor less than hashish society, matrons as well as unmarried girls with several seasons to their record, are admitted to the clubs in question, and while a part of the house is run as a ladies' club in the ordinary way, the greater portion of where.

Society, matrons as well as unmarried girls with several seasons to their record, are admitted to the clubs in question, and while a part of the house is run as a ladies' club in the ordinary way, the greater portion of where.

One of the newspapers containing a full account of it was sent to America, and read there by a lonely desolate to see you; it may be soon, it may be to see you; it may be soon, it may be to see you; it may be soon, it may be to see you; it may be soon, it may be to see you; it may be soon, it may be soon, it may be soon, it may be to see you; it may be soon, it may be soon, it may be to see you; it may be soon, it may be to see you; it may be soon, it may be soon, it may be soon, it may be to see you; it may be soon, it weeping bitter tears.

"She will be huppy at last," said the newspapers containing a full account of it was sent to America, and read there by a lonely desolate man, who bent his head over the paper, weeping bitter tears.

"She will be huppy at last," said the newspapers containing a full account of it was sent to America, and read there by a lonely desolate to see you; it may be soon, it the establishment is devoted to the absorption of the drug so famous Miss Neslie was no advocate of wo-votion to you." throughout the Orient, and which man's rights; she had no idea of stand- She looked at the papers enclosed: And long is meditation. The work of preparation.

She looked at the papers enclosed; they were copies of certificates of the study of medicine, except so far ments, where the effects of the hashish are obtained and where not single sound from the outside distinctive the really new fad, and they are waited upon by maid servants, in Oriental garb, the surroundings conveying the impression of some Eastern barem.

Hashish is far less harmful than any of these artifices to quiet the impression of some Eastern barem.

Hashish is far less harmful than any of these artifices to quiet the ureves, and to give that repose for which one looks in vain in a sleep that will 700 longer be woosed. It is making the surroundings conveying the lating of the surrounding of the surrounding of the servers and to give that repose for which one looks in vain in a sleep that will 700 longer be woosed. It is shown that happiness means."
