IRISH NATIONALISTS ARRIVE IN BOSTON

Delegates From the Big Convention Warmly Welcomed.

They Tell Why 'Birell's Bill' Was Killed—Lord Lieutenant Would Have Been the Whole Show

BOSTON, Mass., June 14.—Thomas B. Fitzpatrick, John O'Donoghue and Dr. J. Timmins, delegates of the United Irish League to the Dublin National Convention which considered and killed the Birell Irish Council bill, returned from Ireland today on the Cymric. The returning delegates were met by a large number of representative Irish-Americans, who went down the harbor on a tug to welcome them. When the steamer docked hundreds of others cheered the trio as they disembarked. Mr. Fitzpatrick, who spoke for the delegates, stated that the Birell bill had been killed for two principal reasons: The power given the Lord Lieutenant was too arbitrary and the veto power too great, while his power of appointment having the naming of 24 out of 106 delegates to the council with the chairman of every committee, gave him practically absolute power to make the proposed council anti-National.

MIMIC NAVAL WAR IS NOW IN FULL SWING

Two of the Enemy's Boats Attempted to Land But Were Met and Captured.

NEW YORK, June 14.—Although favored by the sheltering blanket of fog which made off-shore observation exceedingly difficult, the "enemy" today failed in its first attempt to put a landing party ashore in New York. Two of the enemy's boats were picked up by the lookout at Fort Wadsworth and the alarm was sent down the landing force. When the boats attempted to put their men ashore they were met by an overwhelming force from the seventh regiment and after a short, sharp struggle were taken prisoners. The ill-fated attack was all a part of the war game which has been in progress for several days and will continue until early tomorrow. Up to the present time the defense force seems to have proven that the city is safe from attack either by land or water. A naval force which sought to "capture" the city's defenses last night met a fate similar to that of today's landing party.

BANNERMAN'S RESOLUTION TO SUBDUDE THE LORDS

LONDON, June 14.—The following is the text of the resolution on the subject of the House of Lords which Campbell-Bannerman will move in the House of Commons, June 21: "That in order to give effect to the will of the people as expressed by their elected representatives it is necessary that the power of the other house to alter or reject bills passed by this house should be so restricted by law as to secure that within the limits of a single parliament the final decision of the House of Commons shall prevail."

FIRE DOES DAMAGE OF \$250,000 IN ALTOONA

ALTOONA, Pa., June 15.—Fire discovered in the Eleventh Avenue Opera House at midnight did over \$250,000 damage before the fire department had the flames under control at 2 o'clock this morning. The basement and first and second floors of the Opera House building were occupied by the Imperial Dry Goods Co., the leading department store in this section of the state. The upper part of the building was used for theatre purposes until a few weeks ago.

A SLIGHT MISTAKE.

Chitto Harjo was pleading in Washington for the Indian's right to roam in nomad fashion like their fathers. "They tell us to trust to fortune," Chitto Harjo said, "and then we'll get our rights. But we are tired of trusting to fortune. Fortune has used us Indians as it used the pale face instructors at the Indian school in 1887." Chitto Harjo smiled and went on: "This instructor found a horse shoe and got good fortune, but it under her pillow along with her false teeth. In the morning in the hurry of dressing, she substituted the shoe for the teeth and did not discover her mistake till her fiancé husband asked her in tones of horror at breakfast what was the matter with her mouth."

The Eastern Line steamer Governor Cobb arrived in port yesterday afternoon with eighty-five passengers on board.

CHINESE MINERS TO BE SENT HOME

Botha Announces That Natives Will Replace Them.

British Mining Magnates However Fear That It Will Be Difficult to Secure Enough Kafirs.

PRETORIA, Transvaal, June 15.—Premier Botha announced in Parliament yesterday that the government intended to send home all the Chinese miners whose contracts expired. Sixteen thousand will go this year. In their place the government proposes to secure native workmen.

SAYS BOTHA HAD DEAL WITH BRITISH CABINET

LONDON, June 15.—Under the title, "A Gigantic Scandal," the National Review this month contains an amazing explanation of the evident friendship between General Botha and the members of the home government.

STRANGE COINCIDENCE IN ROYAL BABY'S BIRTH

May Now Enter Cambridge and Oxford With Consent of the Holy See

MADRID, June 15.—One of the most extraordinary coincidences—or, rather, series of coincidences—that has happened of late years, is reported from the Spanish town of Estella. Here on the 19th of May and at 11 o'clock (the same day and hour as the birth of the Prince of Asturias), a woman named Victoria gave birth to a male child, who was inscribed in the civil register by one Don Alfonso Ugarte on the same day and at the same hour as the heir to the Spanish throne.

CROWDED PASSENGER STEAMER STRUCK A ROCK

HOLYHEAD, Wales, June 15.—The Irish Express Steamer Anglia, with more than 500 passengers on board, struck a submerged rock in the thick fog this morning. The passengers were greatly alarmed but the officers maintained order, distributed the life belts and prepared the boats for lowering. After half an hour the captain of the Anglia succeeded in getting her off under her own steam, and landed the passengers. The bows of the Anglia were stove in above and below the waterline, but her watertight compartments saved her.

GIRL LIES ASLEEP FOR TWELVE MONTHS

PARIS, June 15.—Marie Dubin, a 16-year-old girl, has been in a state of coma since June 1 of last year in the village of Recouves in the Aveyron Department. She lies in her bed, apparently asleep with a smile on her face. Her breathing is hardly perceptible, but her pulse makes fifty-five beats to the minute. Early last spring she was affected with gastric troubles and ceased to take food. A few days later she fell asleep and has not opened her eyes since. Several doctors are studying the case.

GROKER IS NOT SICK.

DUBLIN, June 15.—Richard Croker was not accessible last night, but the physician who has been in attendance upon him says there is no foundation for the rumor of his illness and inquiries made in other directions tend to confirm the statement of this doctor.

NOT SERIOUS ENOUGH FOR DIPLOMATIC ACTION.

TOKYO, June 15.—It has been learned that Foreign Minister Hayashi, at a conference on the American question held yesterday by the Elder Statesmen and Ministers, announced that the last incident reported in connection with the attacks upon Japanese residents in California, was not grave enough to warrant diplomatic action. The views of both governments are fully in accord and the trust is expressed that the Federal government at Washington will furnish a speedy solution of the question at issue.

The funeral of the late Francis D. Hunter takes place from the depot at 1:45 o'clock this afternoon. Rev. Mr. Camp officiates and interment will be in Fernhill.

A MILLION LIVES SAVED BY CHARITY

Is the Report From the Chinese Relief Stations.

Supplies Forwarded to the Famined Districts Were Badly Needed—The Relief Work a Trying Ordeal

NEW YORK, June 15.—A cablegram from Chinkiang dated June 13, received by the Christian Herald from its representative who accompanied the relief steamship United States army transport Buford to China and superintended the distribution of the cargo, says: "All Buford cargo now dispatched by vans inland, and by junk up canal. Fleet of fifty-four junk fully loaded. Missionaries almost exhausted, canal trip shows that reports of famine were not exaggerated. Relief afforded by all sources has saved one million lives."

PROVING HAYWOOD PAID THE MURDERERS

Evidence in Support of Orchard Is Coming Today.

Steve Adams Under Arrest—He Had Got Money From Haywood—Other Developments

BONNE, Idaho, June 15.—The prosecution in the case of William D. Haywood, charged with the murder of Frank Steenberger, is stretching through the multitude of incidents in the story told by Harry Orchard in relation to an alleged conspiracy that involved the slaughter of more than a score of men and culminated in the assassination of a former governor of Idaho, who had in the latter years of his life opposed the methods of the Western Federation of Miners. Orchard's confession laid the foundations. The chapters run through three or four states, but in California, Colorado and Idaho the chief interest lies. The California incident and incidents in the story mean murder begun with bombs. The Orchard story of the Vindicator Mine has been verified by men working in the mine at the time. For the first time the connection of Haywood with the cases of murder alleged by Orchard was testified to by other witnesses yesterday, when the arrest of Steve Adams at Ogden was confirmed. The evidence was that Adams telegraphed to Haywood for money, Orchard had said that prior to his going to California to get Bradley, Haywood told him he had sent Steve to San Francisco to kill Bradley, but that Steve had got into some trouble at Ogden and he told him that Haywood had sent him money by telegraph. The first witness on the stand today is the cashier of the First National Bank of Denver.

TOLDED TO GO HOME AND BEAT THE STAR BOARDER

Man Charged With Deserting His Wife Gets Sound Advice from the Judge

NEW YORK, June 15.—The World says: Because of the advice given yesterday by Magistrate Conroy to his husband, it is not surprising that the boarder out in a lot and through him, Long Island City is holding its ear to the ground. The man was hauled to court by his wife, charged with abandonment and ill-treatment. He told a story about a star boarder and when Magistrate Conroy suggested a thrashing, he said: "I can't, he's bigger than I am."

MINISTER CHARGED WITH COUNTERFEITING

But He Says He Only Wanted to Make Medals for the Sunday School Scholars

SPRINGFIELD, Ill., June 15.—A federal grand jury last night returned an indictment against the Rev. James R. K. Kaye, formerly pastor of the First Presbyterian church of Lincoln, Ill., and now editor of the Herald published at Oak Park, a suburb of Chicago, where he now lives charging him with making counterfeit money. Medals for the manufacture of counterfeit dimes, quarters and half dollars were found in the basement of the hall which Mr. Kaye occupied, while pastor of the First Presbyterian church of Lincoln. When arrested he confessed to making the medals but explained that he was only experimenting with them to see if he could manufacture medals to be presented to the children of the Sunday school, as rewards for getting new pupils.

FRENCH ECONOMY.

France in her system of finance and in her whole system of economy affords an example to be followed by all nations. The government conducts a vast banking institution, whereby every possessor has his savings bank department—its "caisse d'epargne." Here any one may make a deposit as low as 1 franc (20 cents) which deposit is recorded in one's "livret de la caisse d'epargne" (savings bank book). A convenient feature of this system tending to make saving easy is that one may make his deposits in any post-office anywhere in France and may withdraw any part or all his savings at any postoffice, without regard to where the deposits have been made. I have never had a servant in France who did not have a "livret de la caisse d'epargne," and yet the girl or woman, if she had no family of her own to support, almost invariably contributed to the support of her father's family. I have had one middle aged "femme de chambre" or whose face each day I could read pretty well how the bourse was going—Flora McDonald Thompson in Harper's Bazaar.

FURNISHED ROOMS TO LET AT 20 Horsefield street.

TOURING AUTO TO BE SOLD AT AUCTION

Its Career Here Has Not Been Very Profitable.

Was Purchased to Take Parties Around the City But Met With a Series of Accidents

The large touring automobile which was purchased by several hotel proprietors last year is to be sold at public auction today. The hotel men seeing the demand for a vehicle in which tourists could be taken to the principal points of interest in and about the city, purchased the car from Percy Chestnut, who then carried on an automobile agency here. A chauffeur and conductor were engaged and the car started at the new business. The tourist travel was then heavy and the car did a good trade. Fifty cents was the charge, and the shareholders expected that the investment would be a good one. In two or three days, however, the car did not seem to be in good condition and it was taken to a garage where it received a thorough overhauling, but accidents would happen and at last the car was taken off the route for good. The car is now being auctioned and it is probable that it will be sold at figures considerably below that paid by the hotel men.

TROLLEY CAR RAN INTO AN AUTOMOBILE.

One Woman Fatally Injured and Several Other Persons Slightly Hurt.

TAUNTON, Mass., June 14.—A trolley car of the East Taunton Street Railway Company struck an automobile at the corner of Summer street tonight, throwing out all the occupants of the automobile, one of whom, Mrs. Nona Strange was probably injured fatally. The other persons in the automobile Noah Strange, who was guiding the machine, his daughter, Mrs. Andrew Cooper, of Providence, R. I., and his granddaughter, Miss Helen Cook, of Berkeley, escaped with less serious injuries, although all were severely shaken, and Mrs. Cooper suffered an injury to her back and Miss Cook received a scalp wound which required some surgical stitches. Mrs. Strange was removed to the Morgan Hospital, where it was learned that her skull had been fractured, and that she also sustained internal injuries. The collision was a rear-end one, and occurred just as the automobile after climbing a steep grade, swung in front of the electric car to turn into Summer street.

FOUND THE BODIES OF THE DROWNED SEAMAN

NORFOLK, Va., June 14.—After many hours of weary dragging of the waters of Hampton Roads in a systematic search by the navy for the bodies of the eleven victims of the sinking of the battleship Minnesota's launch on Monday night, a grappling party tonight located the launch and the bodies of the men in eight fathoms of water off the Riprap. All day long the search has been kept up in the vicinity of the course likely to have been taken by the party on its return from Discovery Pier, at the exposition grounds to the warship lying at anchor in the Roads. The news of the discovery was quickly communicated among the officers and men of the fleet.

NORWAY DECIDES AGAINST FRANCHISE FOR WOMEN.

CHRISTINI, June 14.—The Norwegian Parliament today rejected by 72 to 47 votes the bill providing suffrage for women, but adopted by a vote of 98 to 25 a bill granting the franchise on the same condition as in the case of municipal elections, namely, that women themselves, or their husbands, in order to be entitled to vote, must have paid taxes for a year.

THE FUNERAL OF THE LATE MISS SARAH STANLEY TAKES PLACE AT 3:30 THIS AFTERNOON FROM HER LATE HOME ON ALBERT STREET.

The funeral of the late Miss Sarah Stanley takes place at 3:30 this afternoon from her late home on Albert street. The Salvation Army conduct the funeral service and interment is in Cedar Hill.

THE LISTS OF ENGLISH AUTHORS AND THEIR WORKS GIVE THE TITLES OF OVER 800 PAGES AND ESSAYS ON "SOLITUDE."

The lists of English authors and their works give the titles of over 800 pages and essays on "Solitude."
