## In Nearly Every Newspaper

You Find Evidence From Some One Who Has Been Cured of Piles by Using

## Dr. Chase's Ointment.

Men and women who are cured of piles are so grateful for relief from the actue suffering and the annoying symptoms of this loathsome disease that they feel it their duty to tell other sufferers the good

In nearly every newspaper which you pick up you find some evidence in regard to the efficiency of Dr. Chase's Ointment as a cure for piles and itching skin dis-

It is truly a wonder of medical science, which has won the approval of the most skilled physicians, as well as the heartfelt gratitude of scores of thousands of cured ones, who had suffered all sorts of misery from blind, itching, bleeding, or protrud-

from blind, itching, bleeding, or petrauting piles.

Mr. David Lockbart, a well known tan Mr. David Lockbart, a well known tan Mr. Hawshaw, N. B., states:—''I was a termile sufferer with piles for over two years and was frequently compelled to give up work. Two boxes of Dr. Chase's Ointment made a perfect cure.

Dr. Chase's Cintment is recognized as the only pesitive cure for piles, and is the only preparation which is guaranteed to oure. It is surer, cheaper and less risky than a surgical operation, and gives relief eiter application. Dr. Chase's Cintment is sold by all dealers at 60 cents a box, or sent by mail on receipt of price, by Edmanson, Bates & Co., Teronto.

taste for society she gets too stuck up to lay eggs.

There never was, and never will be, a universal panaces, in one remedy for all its to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently sealed diseases rooted in the system of the patient, shad would relieve one ill, in turn would aggravath to other. We have, however, in Quinte Wins, which is a sound unadulterated state, remedy for many and grievous ills. By ite giand and indicious use, the frailest systems are fed into convaluescense and strength, by the influence which Quinine exerts on Nature's own restractives. It relieves the drooping spirits of those with whom a chronic state of morbid despondence and lack of interest in life is a disease, and, by tranquilising the nerves, disposes to sound and refreshing sleep—imparts vigor to the actions of the strengthening the healthy animal functions of the system, thereby making a string in the tothe despondency from the strengthening the healthy animal functions of the system, thereby making a string life to the

New York Millionaires.

Only a few people reading advertisements of bankers and brokers, saying that money could be made through speculation, realize that the richest men in America have commenced life in a humble way and have made their fortune through stock exchange speculations.

Each life Jay Goald who worked as a dry goods clerk it small town at \$10.00 a week up to his twentieth year, and commenced to operate with his small twenty of \$200.00 in Wall Eirest left at his death to millions of dollars; Russell Sage who worked as a grocery boy at \$4.00 per week and who have present wealth is estimated at 100 millions of dollars is still operating the market, although 50 years of age, and so are thousands of others who years of age, and so are thousands of others who years of the present wealth is estimated at 100 millions of collars is still operating the market, although 50 years of age, and so are thousands of others who have present wealth is estimated as note; which is due to their success in speculations.

To the shewed speculation the same comportunities are open to-day as to others in the past. The small-satilot which can be bought and sold is 16 shares on 5% margin, making 50 dollars.

Anybody interested as to how speculations are conducted can get information and market letter tree of charge upon application by letter to,
