FINANCIAL WORLD

BUSINESS SLOW IN THE STOCK MARKET

New York, July 24.—Movements in the stock market today indicated that the period of increased activity and rising prices which enlivened the speculation last week had been terminated, for the present, at least. Trading was slow throughout the day's session and stocks seemed to drift rather than to move in response to any clearly defined motive. After an irregular opening, with most prices slightly lower, the market hardened. Union Pacific, which has outranked United States Steel and Reading on several occasions lately as a speculative favorite, again took the lead, rising a point and held it throughout the day. The advance, however, was of short duration. Before noon prices weakened and gains were lost quickly. Toward the end of the day stocks were sold on a somewhat heavier scale, and receded further, the close showing losses generally distributed although few of the active issues lost more than a point.

A conspicuous feature of the market was the heaviness of the Northwestern group of railroads. In the afternoon reaction in the Hill and Harriman stocks and St. Paul fell more than a point. Canadian Pacific was heavy throughout. These issues were advanced from time to time recently, and the explanation was given that they in particular would receive benefits from Canadian reciprocity. The setback in these issues immediately after the passage of the reciprocity bill by the Senate probably was due to profit-taking by holders who look for no immediate extension of the movement, now that the country has done its part.

Atchison was a strong point in the railroad list, and was the centre of speculative interest for a time in the afternoon on account of the large trading in it. Most of the buying was attributed to a group of operators that has at times been active in important bull movements. Among the industrials, General Electric and National Biscuit, bull recent favorites, receded, while Bethlehem Steel, which is usually inactive, achieved prominence with a 2 point rise. Strength of the latter stock was associated with the larger earnings of the last fiscal year, which have led to talk of renewal of dividend on the preferred issue. Despite the moderate recessions as a result of the day's operations, sentiment in the street was largely bullish. This was due in part to report of rain through the corn belt, and to prospects of the early adjournment of Congress. Some professional traders were inclined to view today's market as merely a temporary lull in the bull campaign. Public interest in the market, however, remains at so low a point as to render difficult any extended movement in stocks. Western Railway officials reported better conditions during the past week. Traffic on the western roads is slightly ahead of this period of last year. The better crop outlook has renewed confidence, although general business is still slow and hesitating. Official figures of earnings of all railroads in May showed a decrease of 5.5 per cent. in operating income.

London was a seller in this market, disposing of 12,000 shares, chiefly Union Pacific, United States Steam and Southern Railway.

The bond market was steady. Total sales, par value, $1,779,000.

United States bonds were unchanged on call.

CLOSING COTTON LETTER.

By direct private wires to J. C. Mackintosh & Co.

New York, July 24.—Market opened easy at 10 to 19 points lower with August and all later deliveries making lower levels. There was liquidation by old longs and selling by people who had bought for a reaction. Liverpool houses and the continent were buyers probably on straddles. The market was active and unsettled and the initial decline caught stop loss orders. Later cables from Liverpool shows no improvement of consequence and the local market was still much unsettled. Sentiment in the main is still bearish and the inclination to sell on rallies still exists. Government report on Aug. 2nd is now expected to be bearish and possibly before same is announced the market will become thoroughly liquidation, and heavily oversold, we still have the critical month of August before us. There are beginning to be a few complaints of too much rain. While these need not be taken seriously they might lead to some short covering.

CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh and Co.

New York, July 24.—Whatever may be said about this market in a general discussion it certainly continues to display a firmness that is remarkable. Usually dull markets sag off through their own weight but that has not been the case today. Somehow there has been an apathetic state toward speculation today. Prices fluctuated narrowly and volume of trading small. It may be that the rapid advance lately has given the market an overbought condition, or the speculative element are awaiting new developments, the old ones being more or less discounted, or whatever it is the market went through a dull period today and the result of the day's session will show practically no material change. The usual quota of crop news failed to arouse any enthusiasm. Even the progress of the U. S. Steel inquiry with its report that the different steel companies had been a party to the trust agreement some years ago, agreeing to stipulate portions of production and shipments allotted to each company failed to have any perceptible effect on the stock. This agreement, as stated later by one of the officials was never signed or put into effect and consequently lost its market effect. C. P. R., one of the most active stocks on the last also passed into dullness today. Not much is heard now about the increase in the dividend rate or any distribution of a bonus. There may be some inclination to sceptism here regarding this, but on the other side of the water where the rumor started they share in the belief that something of the kind will be done. As the market closes, prices still fail to show any change worth noting and the day's trading is without any particular feature or comment.

LAIDLAW & CO.

DO YOU LACK SELF-CONTROL?
If you are constantly keyed up, nervous, perhaps depressed—look to your over-worked nerves for the cause. They are starving for the nourishment that Ferrozone so quickly supplies. Besides its tonic action on the nervous system, Ferrozone has marvelous blood-forming properties. It thus supplies strengthening materials to every nook and corner of the body and brings the system to a condition of perfect health. To be strong, to eat well, and work long without fatigue, use Ferrozone; it is the best nerve system tonic known. At all dealers in 50c. boxes.

IN THE COURTS

PROBATE.

Estate of Bernard McDermott.

Estate of Bernard McDermott, yeoman: Last will proved whereby deceased gives all his personal estate to his wife absolutely and also the use of the real estate for her lifetime. On her death the executors are to sell the same and divide the proceeds thereof among James P. Greig, of St. John, dry goods clerk, who at the time of the making of the will was living with the testator; the Catholic Bishop of St. John for the benefit of Saint Patrick's Industrial School at Silver Falls, and the Sisters of Charity in the diocese of St. John, N. B., for the benefit of the orphans, the last mentioned bequest being in memory of Nichols Corrall and Susan Corrall, his wife, and the testator and his wife and he nominates the said James P. Grieg and Thomas P. Regan, barrister, executors, who are accordingly sworn in as such. Real estate $5,000, subject to a mortgage of $500. Personalty under $600.

Estate of Teresa Coholan.

Estate of Teresa Coholan. Return of citation to pass the accounts of the administrator. The accounts as presented are found correct and are duly passed and allowed and order for distribution made among the next of kin. Daniel Mullin, K. C., proctor for the administrator, John Kerr, K.C., proctor for one of the next of kin.

Estate of William John Parks.

Estate of William John Parks, telegraph lineman. William John Parks served in the Canadian Mounted Rifles during the war in South Africa and became entitled to a land warrant. He returned to St. John; then went to Winnipeg; then to Texas, and then to Dill, Oklahoma, New Mexico. In 1907 letters ceased to come from him and recently letters were received by a connection here intimating that Parks had lost his life in a mine disaster, on proof of which, for the purpose of obtaining the land grant, the death of Parks is assumed and administration is granted to Alexander Parks, laborer, of St. John, father of the said William John Parks. Beverley R. Armstrong, proctor.

Chancery Division.

Yesterday afternoon in the Chancery division before Mr. Justice McLeod an interlocutory application in the case of the C. P. R. vs. Earl L. Campbell of Peel, Carleton County, was made on behalf of the defendant. The railway claims damages for tres pass and also asks for an injunction to restrain the defendant from taking down a fence which the plaintiff built along its right of way. The fence was made of wire and was constructed in June last across the defendant's land. The defendant removed the fence, claiming the company had not the right of way. The company built a fence 33 feet away from the centre of the track. Yesterday's application was to transfer the case to King's Bench Division and a hearing on the return of the summons for directions granted some time ago was had. Judgment reserved. Messrs. Weldon & McLean, appeared for the plaintiff and W. D. Jones of Carleton County for the defendant.

Thinks Victim Was Her Brother.

Mrs. Mary Collins, of Harrison street, is convinced that the pedler named Joseph Perkins, who was killed by the C. P. R. express four miles south of McAdam on July 14th, was her brother. Mrs. Collins stated that from correspondence received she is sure that he was her brother, whom she had not seen for thirty-five years. She would have gone on to St. Stephen at the time of the accident, but when she received word his funeral had already taken place. Mrs. Collins is the only surviving relative.

A Fine Horse.

The Chatham Gazette says that Ald. Carvell has purchased from Quebec parties a six-year-old brown gelding named Jim Boy, 1,020 lbs. Jim Boy stands about five feet high and with his white points is very natty. He is a green unmarked trotter, but has lots of speed. Jim Boy cost his owner in the neighborhood of $400, but is worth every cent of it. He is a pure bred Wilkes, his dam having a mark of 2.07¼ and sire of 2.17¼. Wm. Bryenton and George Bell of Derby have about concluded arrangements for a matched race in August between their respective pacers, Weary Willie and Guy Norval. Chas. Sargeant is driving Weary, and Ern McGowan has the lines over Guy. The purse is said to be $100 a side.
