Marvellous Marsh.

made his first high dive here Tues lay afternoon, and the performance was of a rature never before experienced in the Plymouth rock, barred cock (twelve en tries)-E. C. Campbell, Calais, 1st; P. A. Pearson, Calais, 2nd and 5th; Chas. W. Grant, Calais, 3rd; Seth Jones, Sussex, maritime provinces. It is most sensational and people almost dare not breathe while he goes through the thrilling act. A struc-ture of appalling height has been erected. It is a steep incline terminating in space. 30 feet from a well of water sunk in the ground. The lowest end of the incline is also far above the tank. Between it and Berry's Mills...... 160 and the water is stretched a canvas. Marsh Good to return two days from date of and his bicycle betook themselves up the 5th. giddy height while every eye watched every movement of the man with intense interest. He mounted the bicycle and waved his hand to the crowd, then with H. Jones, Calais, 3rd. a shout his awful ride was begun. The bicycle coursed down the narrow incline with great velocity which increased every portion of a second. Just as bicycle and ider reached the end and people wonder ed how it all would terminate, Marsh flew over the handle bars, inade a graceful rush through the air, cleared the canvas and dove into the tank of water, arising streaming to receive the plaudits of the people. The bicycle fell into the cauvas. Marsh received an ovation, and every one Marsh received an ovation, and every one felt be had seen an act hard to equal for daring and skill. It was found that Marsh after clearing the water, touched the end of the tank and therefore some five feet
