And se was the first to laugh at the extravagent lamentations, denumeiation and made Zions in which she had indulged during her trial. But she was not penitent either. She flatly refused to apologize to anybody for her bad behaeiour, declaring that her trage was a symptom of her illness and not a fault of her nature, and that she was no more accountable blor her nervous irritability than she was for her degrading nausea and maddening headache.

And Owen was too happy to see her well again to fine fault. And then her treal kindness of heart, now that she was herself, showed itself in her improved manner to the patient steward less, whom she now treated swith the most tender consideration.

The weather continued to be glorious. Never had a steamer a more rapid, pleasant and prosperous vounge. The wind was fair, fresh, and steady, and rhe ship ren along before it for the shores of the ould world.

Not a si tugle incident of any importance marked the voyage.

It was on the morning of the fifth day out that Life Gae and Owen.

"What is it?" inauired Owen, join ing the group.
"We cannot make her out," said a gentleman, passing his glass to Owen, "biut we think she is the Belgia that sailed from New York on Saturday last, and that something has happened to her machinery."

himself and his sister.
And there they resolved to remain and await news of the Belgia.
One all-absorbing care filled their minds., it was fr Lily May's safety.

CHAPTER XXXIV.

near thi steamer, and it is a pity we did not stop to speak her," persiste Lily Gay,

"We passed her in the fog hast night. We did not see her until this morning when she was hardly visible to the naked eye on the edge of the horizon. We have been leaving her rapidly behi (d ever si (ee. We can noe just diseer her through the telescope. In a few minutes she will be gone." "She is 'gone." said Owen returing the telescope to the owner.

As the breakfast bell pealed forth its yoyous summons, and as all our voyagers, having got over their seasiekness, were blessed with voracious gen appetites, they went en masse down into the saloon.

The conversation at the breakfst table turned upon the stattlinary steamer thar they ad passed in the fog at night and had only sighted on the lifting of the fogin the morning when she had been left leagues behind but it edge of the horizon.

Everybody seemed of the opid in that sie was the Beigia, and thair accident to her machinery had caused the temporary delay and stoppage.

Owen and his sister endeavored to take comgfort, but in vain, foor they continued to he very anxious.

Meanwhile their steamer was flying eastward before the wind. In a day or two their talk began to be of their speedy arrival, and of their prospective sustom house delays.

On the evening of the irrached the saloon and the burden of that cry was:

"Cape Clear Lighthouse."

Limber Up With Penetrating

Not a situagle incident of any im. portance marked the voyage.

It was on the morning of the fifth day out that Lily Gay and Owen going up on deek to take their usual promenade before breakfast, asaw a numbrer of passengers gathered in the after part of the ship, holding pooket telescopes and taking sight at some object far to the northwest. "What is it?" insuired Owen, join ing the group.

Leaving all this excitenent, Owen sw his luggage through the ordeal of the teustom house, and then called a cab, put Lily Gay into it, took as each beside her, and ordered the the driver to the Adelphi Hotel, where he succeeded in engaging a pleasant suite of apartments for himself and his sister.

And there they resolved to remain and await news of the Belgia.
