

LEEDS LUNCHEON CLUB

SCOTLAND LANE
HORSFORTH
LEEDS

22nd October, 1926.

My dear Sir,

C 76508

I have to convey to you a very warm invitation on behalf of the Leeds Luncheon Club to be their guest and speaker at one of the weekly meetings.

The Club consists of 420 members and is probably the most representative Club in the North of England. I enclose a copy of our last Report from which you will see the character of the speakers and the variety of subjects dealt with. The luncheon takes place on Mondays at the Hotel Metropole at 1 o'clock and lasts for half-an-hour, and the speaker addresses the company for half-an-hour afterwards so that the proceedings are over by 2 o'clock.

On previous occasions we have had the Prime Minister of England, Mr. Stanley Baldwin, and the Prime Ministers of all the Dominions; The Duke of Devonshire visited us whilst he was Governor General of Canada, and the Hon. Robert Rogers accepted our invitation whilst he was Minister of Public Works for Canada.

If you can favour us with your presence we shall be delighted to provide hospitality for the previous week-end and, if you wish, arrange for you to see something of the industrial activities of Leeds on the Monday morning. The train service is such that you could be back in London by shortly after 6 o'clock on the Monday evening.

If a Monday would be inconvenient to you, I think, we could arrange for a special meeting on some other day.

I am instructed to say that such subject as you would yourself choose would be acceptable to our members.

I venture to express the hope of the Club that it may be possible for you to accept this cordial invitation. If you will favour us with your acceptance and will oblige me with dates that would be suitable for a visit from you, I shall be glad to confirm the engagement.

I am,
Faithfully yours,

W. Parsons

Rt. Hon. W. L. Mackenzie King,
Canadian Buildings
Trafalgar Square
London.

Hon. Secy.
