Dear Mr. Hagerman:-

It is with sincere gratitude that I acknowledge your very kind letter.

The decision which confronted me was indeed difficult, but I concluded that the avenue of service proposed was about the only one in which I could possibly help consistently with my other obligations at this time. It is quite apparent that much work is going to be entailed and I do greatly appreciate your expression of goodwill.

I have not forgotten the very splendid fight you carried on in the South Battleford constituency, and hope to have the pleasure of seeing you before long.

Yours truly,

J.A. Hagerman, Esq.,
