

PRACTICAL BUSINESSMEN USE

The Writerpress

BECAUSE IT PRODUCES ACTUAL TYPEWRITTEN WORK IN

CIRCULAR AND FOLLOW-UP LETTERS

BECAUSE it is so simple in construction and easy of operation that ordinary office help with a few minutes instruction will prepare a 30 line letter for printing in less than an hour and will print as fast as 100 typewriters.

The machine has few parts, none complicated. There are no difficult adjustments or confusing movements for the operator. Every part is built to stand heavy and steady work without breaking or becoming disarranged.
