Street Sweeping Machine

Is the Standard
of Perfection

Because no sweeper so effectually does the work for which it is designed as "The Studebaker."
It Sweeps Clean. No sweeper is constructed with the same degree of care and mechanical pre-
cision. It Wears Well. "The Studebaker" has the smallest number of working parts, and has
less gearing than any other sweeper made. It is free from all unnecessary complications. With
reasonable care it does not get out of order. Send for complete descriptive catalogue.
