

Drink Pure Water

—not from a wooden storage tank, but direct from the well, spring or cistern—by means of an Empire Water Supply System.

Just turn a faucet—saves all carrying. Also saves your time and strength. The progressive farmer looks upon the

Empire WATER SUPPLY System

as a sensible investment that brings health, comfort and happiness to every member of the family every day in the year.

Fresh Water—and plenty of it—also improves the health of live stock and cuts down feeding costs.

WRITE FOR FREE BOOKLET TO-DAY

We want to tell you about the many advantages of the Empire System. Our free booklet gives descriptions and illustrations. We will also send you an Information Blank, which, when filled out, will enable us to send you full particulars and the cost of a system adapted to your particular needs. Get posted—write us to-day.

SAVES ITS COST IN SIX MONTHS

BISSELL Double Action Harrows

will thoroughly cultivate and pulverize any soil. One Harrow is Out, Throw; the other is In. They are simply constructed, rigid and durable. The Gangs are flexible and the Disk Plates are so designed that they "hang" right into the soil. Bissell Harrows are built in sizes and weights suitable for horse or tractor use. Write Dept. W. for free catalogue. 98 T. E. BISSELL CO., LTD., Elora, Ont.

What does a breakdown cost?

Threshing is a short-season business. Every day counts. If you miss a day or two, or even part of a day during the threshing season, you lose a part of your profits, with no chance to make it up again.

But that's only one loss. You have a gang of men on high wages. They are idle if you have a breakdown.

Then there's the cost of the repairs.

Altogether, breakdowns are very expensive for a thresherman. That's why it pays to get good machinery at the start, and that's why we build our machines with such great over-strength in every part. That's why we choose the highest grade of material. That's why we are so particular about the workmanship that goes into "The First Quality Line."

For two generations we have made a specialty of Threshing Machinery, and have won the reputation of producing high-grade machinery. It is to your interest to see the White Threshing Machines and White Tractors before you make your investment.

Full information and descriptive catalogue will be sent on request

"THE FIRST QUALITY LINE"

Light Draft and Thorough Spreading

FROM a quarter to half a ton less dead weight for your horses to pull—a straight line of drive through direct connection of front and rear axles, and freedom from choking—these three light-draft features alone often sell T.A. Spreaders. And its direct chain drive is the lightest running drive yet contrived.

Thorough Spreading—even spreading—is assured by double cylinders running in opposite directions. And then to make assurance doubly sure our exclusive, special design distributor that takes care of odd lumps of manure that might happen to get through. Get the rest of the description by writing now for interesting catalogue.
