## THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Absorbent Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form, or, rather, in the form of large, pleasant-tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much-improved condition of the general health, better complexions, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets."

## GOSSIP.

When Lord Kitchener was in Ireland he visited the Wishing Well at Killarney, with two plain, elderly spinsters. Beside the well sat an old Irish woman, who looked up into Lord Kitchener's handsome face, and asked:

"Phwat are you wishin' for?"

"What do you think I wish for?"—he good-naturedly inquired.

"Och, thin, for a beautiful young swateheart, of coorse," said she.

He pointed to the two spinsters, who stood at a little distance, and said:

"Don't you see I have two with me?"

"Ah, thin, it's the grace o' God you'll be wishin' for!" replied the sympathetic old woman.

In a cathedral, one day after service, the bellows-blower said to the organist, "I think we have done very well today."

"We!" said the organist, in no small surprise at the independence of his mental; "how can you pretend to have any merit in the performance? Never let me hear you say such a thing again."

The man said nothing more at the time, but when they were next playing he suddenly intermitted in his task of inflating the organ. The organist rose in wrath to order him to proceed, when the fellow, thrusting his head out from behind the curtain, asked slyly, "Shall it be 'we,' then?"

Mr. John Lahmer, Vine, Ont., writes: "My sales of Berkshires for the year just closed has exceeded my expectations very largely, the result of advertising in the 'Advocate.' Over ninety per cent. of my sales last year were mail orders, many purchasers repeating their orders. In the month of November, I sold to Mr. J. Haycock, near Ingersoll, seventeen pigs, the largest consignment of Berkshires to an Ontario buyer in many years. These hogs I delivered personally, and, upon my visit to Mr. H.'s farm, the thought struck me, how fortunate it would be for pure-bred stock generally if they landed in such pleasant, roomy and comfortable quarters. The larder well provided with lots of water, and the eye and the vigilant hand of the master in evidence everywhere. The genial mistress and family made my short visit one long to be remembered."

Dun-edin Park Farm, the home of Mr. W. W. Everitt, Chatham, Ont., breeder of Jersey cattle, was visited by a representative of the "Farmer's Advocate," who found Mr. E. busy preparing the product of his herd for his customer, who was waiting for it. Mr. Everitt has twenty-five head of registered Jerseys that have every appearance of being heavy producers of both milk and butter. They are mostly of the St. Lambert strain, several of them having a daily record of over forty pounds of rich milk. Records of seventeen pounds of butter in seven days, and four hundred pounds in one year are also to be found in this herd. Carnation's Flower, by the champion, Belvoir King, also Charity of Glen Rouge, bred by Mr. Rolph, of Markham, Ont., are among the cows that have given, and are still giving, excellent returns. Wild Rose of Kent is another worthy of special mention. Rosy's Comet (from the herd of W. G. Laidlaw) is now at the head of the herd. The young stock is mostly sired by Handsome Rioter, the Toronto champion, by Lillium's Rioter, he by Canada's Sir George, a wonderful show and stock bull. They are thrifty and of good dairy form, with strong constitutions, and should give good accounts of themselves in the near future. Vita's Riotress, a heifer nearly due to calve, is a very nice one, with a well-balanced udder. Her younger sister is also a good one. Mr. Everitt informed the writer that several of those have to be sold before spring, on account of his pasture being limited. This affords a good opportunity for intending purchasers to get good stuff at very reasonable prices, and the owner says he never had a better lot. They certainly appear to be all right.
