Marlin

Take-down Repeating Shotgun

Marlin repeating shotguns are guns of perfect proportions, made in 12 and 16 gauges, with simpler mechanism than any other repeater.

They have the Marlin solid top always between your head and the cartridge, the side ejector, and the closed-in breechbolt that keeps out rain, snow and sleet, dirt, leaves, twigs, and all other foreign matter. These features add greatly to the efficiency of a gun and to the comfort and convenience of the shooter.

The Model 16, 16-gauge Marlin is the only light weight repeating shotgun made. It weighs but 6½ pounds, handles fast and shoots close and hard. It is unequalled for quail shooting, for squirrels, rabbits and all small game.

Before buying a gun, just get our 136-page catalog. Sent free—by return mail—for 3 stamps postage.

TO EARN THE BIG SALARY LEARN RAILROADING.

There is no line of work to-day that pays the princely salaries as does that of Railroading. Mechanics and tradesmen, office and store clerks, street-railway men, etc., spend years in learning and training, only to find that they have entered overcrowded trades and lines, and are therefore compelled to accept small wages. Not so with Railroading.

FIREMEN AND BRAKEMEN

Earn from \$75 to \$150 per month.

With the rapid progress of Railway building in Canada, it takes only from 2 to 3 years to be advanced to Engineer or Conductor, whose salaries are from \$90 to \$185 per month.

You can earn that money. We can start you for it.

We teach and qualify you by mail in from 8 to 14 weeks without loss of time from your present work. Positions are secured; in fact, there are many openings right now if you were qualified to fill them. Our Course is the most complete treatise on the subject of Railroading in existence. We defy any school to show a course anywhere nearly as thorough. Don't tamper with your education by buying cheap bargain courses. Ours is the only School of its kind in Canada with text-books written for use on Canadian Railways.

Our free booklet tells all about our system of teaching. When writing, state age, weight and height.
