

CURE FOR DYSPEPSIA

As is well known, this troublesome complaint arises from over-eating, the use of too much rich food, neglected constipation, lack of exercise, bad air, etc.

The food should be thoroughly chewed, and never bolted or swallowed in haste, stimulants must be avoided and exercise taken if possible.

A remedy which has rarely failed to give prompt relief and effect permanent cures, even in the most obstinate cases, is

BURDOCK BLOOD BITTERS

It acts by regulating and toning the digestive organs, removing costiveness and increasing the appetite and restoring health and vigor to the system.

Mr. Amos Sawler, Gold River, N.S., writes:—"I was greatly troubled with dyspepsia, and after trying several doctors to no effect I commenced taking Burdock Blood Bitters and I think it is the best medicine there is for that complaint."

"I guess," said the Yankee who had been asked to admire an echo. "I guess you don't know everything about echoes in this country. Why, at my place up in the Rocky Mountains, it takes eight hours to hear the echo of your voice. When I go to bed I put my head out of the window and shout, 'Time to go to bed,' and the echo wakes me in the morning."

QUESTIONS AND ANSWERS Miscellaneous.

POST STAMPING LETTERS.

Can a postmaster or his assistant at a country post office be compelled to stamp all letters taken into or given out from his office, with a stamp showing the date of receipt and mailing of such letters?

SUBSCRIBER.

Ans.—It is the duty of all postmasters to so stamp all letters coming in or going out, with the regular dated post-office stamp. If this rule is not complied with and regularly practiced, a letter addressed to the Post-office Inspector of your district, calling attention to the neglect, will, no doubt, be effectual in having the rule observed.

RAILROAD SNOW-FENCE.

A railroad is running across my farm, in which there is a deep cut. The railway places a snow-fence about six rods on my farm.

1. Can I keep them from removing said fence without paying damages claimed?
2. Can I come on said railway for damages caused by inconvenience of their fence?
3. Can I remove the said fence without their permission?
4. If fence is in my way, can I remove it wherever I will?

Ontario. A SUBSCRIBER.

Ans.—1, 3 and 4. No.
2. Yes, if any actually suffered.

RED CLOVER VS. ALSIKE.

Please answer the following questions in the columns of "The Farmer's Advocate":

1. Is red clover a more valuable fertilizer than alsike on any kind of soil?
2. Is it more valuable as hay for feed?
3. Is red clover as liable to heave out on loamy soil?
4. Which will produce most hay per acre?
5. I have a field of timothy sod that I was intending to fall plow and put in peas in the spring, but I did not get it plowed this fall. How would it be to plow early in the spring, and how would chances be for a good crop?
6. Please give me Andrew Carnegie's present address; also John D. Rockefeller's address.

OLD SUBSCRIBER.

- Ans.—1. Yes; it is considered a better nitrogen-gatherer.
2. Yes; because it produces more heavily, and if cut early and well cured, is more nutritious.
3. Yes; perhaps more so under unfavorable conditions, on undrained land or under alternate freezing and thawing of the soil.
4. Red clover, decidedly.
5. It would be all right, and not necessary to plow earlier than May.
6. Andrew Carnegie, Skibo Castle, Sutherland, N. B., Scotland. John D. Rockefeller, 4 W. 54th street, New York.

ROYAL GEORGE—PRUNING— PRICE OF CLOVER SEED.

1. The origin of the Royal George horse, or what breed of horses does he belong to?
 2. Can apple trees be successfully pruned and trimmed during the winter months without injuring the trees or fruit crop?
 3. How do you account for the low price of clover-seed when the yield was so small?
- Ans.—1. The original Royal George was of the Pilot branch of the trotting or roadster class of horses. The blood of the old black pacer Pilot, who was of French-Canadian origin, nicked well with the best American trotting strains, and many of their best trotting horses traced to him, mainly through his son, Pilot Jr., a horse owned by R. A. Alexander, of Kentucky, out of a mare that was nearly Thoroughbred. The Royal Georges were a handsome class of horses, of good size, suitable for carriage purposes, as well as being fast trotters.
2. Yes, fairly, if not too heavily pruned. The best time to prune, however, is in May, as the wounds heal more satisfactorily.
3. Probably the yield is much larger in some sections than in others. The price is supposed to depend largely on the supply.
