#### AND THIS IS WHY

The Dain Vertical Lift feature is controlled mechanically—not by sheer *human strength*, when raising the cutter bar over stumps or stones; or in turning corners. A pull at the hand lever or a push on the foot lever, and the cutter escapes all obstructions. In raising the cutter bar to an upright position, for transportation, the operation is made an easy and rapid one by using the hand lever and the foot lever together. This automatic control is at the driver's right. It is worked *while in the seat*.

The *draft* of the Dain Vertical Lift Mower is reduced to the smallest possible resistance because the *weight* of the cutting apparatus is carried on the *wheels* by means of the Dain adjustable coil spring. This large, strong coil spring keeps the cutter bar down to its work, and the *cutting* power is largely increased. Conditions being equal, the Dain Vertical Lift Mower will *cut more* hay and cut it *easier* than *any mower made*, and after the same amount of work will be in better condition than any other mower. For this reason, it lasts longer, and proves without doubt the very best mower investment that you could possibly make, from *your* standpoint.

The Dain Vertical Lift Mower is designed to make mowing *easy*. It is wonderfully strong. It is simply built and easiest handled. Saves *your* strength and spares *your* horses. Dain mowers are made to *last* and do their work the way *you* want it to do. Ask the nearest Dain agent. He'll gladly show you *why* no other mower is as good. A post card request will bring our booklet of conclusive reasons why the Dain Mower is the *mower* for *you*. Tells you all about mowers. Don't wait. Get your pen and write *now*.

## PROFIT-MAKING SEEDS.

Do you realize that the little things in life often upset your most carefully-laid plans and turn what looked like success into failure?

The Seeds you sow are little things, but think what depends upon their quality.

Your land may be excellent, the weather ideal, and prospects bright and rosy, but where do you stand if your Seeds refuse to grow?

You can't tell the strength and growing ability of Seeds by looking at them, and by trying to save a few cents on the purchase price, you run the risk of getting an inferior grade that will cut down your profit at the end of the year by many dollars.

Ewing's Seeds are reliable. They are grown from the strongest, healthiest and most perfect plants that can be produced. They are carefully selected, and will grow crops that will repay you for your work.

When you buy your seeds this year, specify "Ewing's" and be sure that you are right. Don't accept substitutes. If your dealer can't supply you, write us.
