SPECIAL EXCURSIONS. SPECIAL RATES FOR EXHIBITORS.**

Prize lists, entry forms and all information from the Secretary.

W. J. REID, President,

A. M. HUNT, Secretary.

DON'T DEPEND ON WOODEN WHEELS AND ORDINARY WAGONS

If you ever see a farmer coming down the road on a wagon and whistling a tune, you can make up your mind the wagon is a T-K. Handy Farm Wagon with Wide-Tire Steel Wheels. The reason is that his wagon was loaded in half the time usually necessary with ordinary wagons, the load is greater by far, and the wheels take the ground (rocky or muddy) smoothly and without the least resistance.

**Wide-Tire Steel
Wheels and
Handy Farm
Wagons**

TK

This is the kind of equipment you want to haul your loads. T-K. wagons with indestructible wheels will outlast two ordinary wagons. The steel wheels are best construction possible. They are made with staggered spokes, so the tires won't bend between spoke-heads, while the hubs never wear out. Letters from thousands of farmers testify to their superiority. Write for booklet and special prices.

Orillia, Ontario.

When The Cow Has Done Her Part

OF COURSE it's important that the cow do her part. But after that, it's up to your cream separator. If it doesn't get highest quality cream—if it doesn't skim to a trace—you are robbing yourself of the profit that your cows have produced.

I H C Cream Harvesters get full value out of the milk, not for a few months only, but through years of constant service. They have proved their durability, close skimming, easy cleaning, and easy running advantages.

I H C Cream Harvesters Dairymaid and Bluebell

are the only separators with dust-proof and milk-proof gears, which are easily accessible. The frame is entirely protected from wear by phosphor bronze bushings. These separators have large shafts, bushings, and bearings; the flexible top-bearing is the strongest and most effective found in any separator. The patented dirt-arrester removes the finest particles of dirt from the milk before the milk is separated. I H C Cream Harvesters are made in two styles—Dairymaid, chain drive; and Bluebell, gear drive—each in four sizes.

The I H C local agent will be glad to point out the above features and many others, or, write to nearest branch house for catalogues and other information.

I H C Service Bureau

The Bureau is a clearing house of agricultural data. It aims to learn the best ways of doing things on the farm, and then distribute the information. Your individual experience may help others. Send your problem to the I H C Service Bureau.

WHEN WRITING ADVERTISERS MENTION THE FARMER'S ADVOCATE.

GOSSIP.

HOLSTEIN PERFORMANCE.

Holsteins accepted in the Canadian Record of Performance since last report:

Sylvia (7765), three-year-old class: 13,456.5 lbs. milk; 420.939 lbs. fat; average per cent. of fat, 3.12; number of days in milk, 320. Owned by U. E. Wartman, Warkworth, Ont.

Mercedes May (8302), two-year-old class: 9,055.25 lbs. milk; 291.194 lbs. fat; average per cent. of fat, 3.21; number of days in milk, 365. Owned by Wm. Watson, Pine Grove, Ont.

Lady Tillie Acema (9229), two-year-old class: 8,290 lbs. milk; 308.65 lbs. fat; average per cent. of fat, 3.72; number of days in milk, 361. Owned by R. O. Morrow, Hilton, Ont.

Beauty's Buffalo Girl (3562), mature class: 16,820.9 lbs. milk; 554.86 lbs. fat; average per cent. of fat, 3.30; number of days in milk, 365. Owned by Tig. Wood, Mitchell, Ont.

Daisy Quirk (11190), two-year-old class: 10,009.09 lbs. milk; 395.26 lbs. fat; average per cent. of fat, 3.95; number of days in milk, 348. Owned by Thos. Hartley, Downsview, Ont.

Tensen Posch De Kol (9567), two-year-old class: 12,006.39 lbs. milk; 365.92 lbs. fat; average per cent. of fat, 3.04; number of days in milk, 365. Owned by Thos. Hartley.

Lilly Westwood 2nd (3966), mature class: 13,738.37 lbs. milk; 448.752 lbs. fat; average per cent. of fat, 3.26; number of days in milk, 302. Owned by Thos. Hartley.

Queen De Kol Peer 2nd (10203), two-year-old class: 10,339.1 lbs. milk; 366.75 lbs. fat; average per cent. of fat, 3.54; number of days in milk, 358. Owned by Edgar Dennis, Newmarket, Ont.

Queen Netherland Peer (10201), four-year-old class: 15,253.8 lbs. milk; 447.08 lbs. fat; average per cent. of fat, 2.93; number of days in milk, 342. Owned by Edgar Dennis.

Queen's Artis Peer (10200), mature class: 12,609.9 lbs. milk; 398.628 lbs. fat; average per cent. of fat, 3.24; number of days in milk, 342. Owned by Edgar Dennis.

Netherby Queen Jane (4336), mature class: 12,318.1 lbs. milk; 444.15 lbs. fat; average per cent. of fat, 3.60; number of days in milk, 228. Owned by S. G. Carlyle, Chesterville, Ont.

Boutsje Posch Mercedes (10356), two-year-old class: 8,927.95 lbs. milk; 262.33 lbs. fat; average per cent. of fat, 2.9; number of days in milk, 288. Owned by S. Lemon, Lynden, Ont.—G. W. Clemons, Secretary.

TRADE TOPIC.

WINTER FAIR AT GUELPH.—Preparations are now well under way for the next Ontario Provincial Winter Fair, at Guelph, from Monday to Friday, December 11th to 15th, 1911. The opening of the Fair on Monday last year proved such a success that the same day has been chosen again for this year. Even with the extra day, it is found difficult to arrange the big programme of judging and lectures so as to provide ample time for each. The prize list will soon be ready for distribution. Few changes have been made, as the already large prizes, totalling \$16,000, offer great inducements to exhibitors of horses, beef and dairy cattle, sheep, swine, poultry and seed grain. The only new classes are the following ones for poultry and seeds: Partridge Plymouth Rocks, Pit Games, Mallard Ducks, Alfalfa, Rye, and Buckwheat. The suggestion that the swine classification should be arranged according to weights instead of by age will not be acted upon this year. Plans have been prepared for a new building in connection with the Fair in which will be placed stalls for about one hundred horses. It is expected this building will be completed early in the fall. With this addition included, there will be accommodation in the Fair buildings for 250 horses, 250 cattle, 500 sheep, 500 hogs, 6,000 birds, and 2,000 bushels of grain. Prize lists may be secured on application to A. P. Westervelt, Secretary, Parliament Buildings, Toronto.

FARM BARNS Must Be Fireproof

Brick and stone are out of the question for building farm barns. The first cost is too high—and the expense of freight and hauling prohibitive.

"IDEAL" FACE DOWN CONCRETE BLOCK MACHINES

give you fireproof building material at most reasonable cost.

With an "Ideal" machine, you can make the concrete blocks right on the spot—make them yourself—so that the only cost is for actual material and putting them in place.

A barn, built of "Ideal" Concrete Blocks, is a barn to be proud of—solid, substantial, absolutely fireproof, warm in winter, and built for all time.

Even if you are building only one barn, silo or house, an "Ideal" Machine will pay for itself—and you can make concrete blocks for your neighbors and net a tidy profit all the year round.

Write us for handsomely illustrated catalogues.
