Considerable surprise and excitement was caused in Toronto by the announcement that Mr. William Mc Bean, one of the best known real estate dealers of the city, had assigned. It is estimated that the amount of liabilities will be found to be between \$250,000 and \$300,-000. It is claimed, on the other hand, that the assets will exceed the liabilities by \$90,-000.

the assets will exceed the liabilities by 800,-000. Mr. de Giers, the Russian Minister of Foreign Affairs, has had a long conference with the Italian Premier and King Humbert. It is believed that this betokens that there is no present danger of a conflict between the Triple Alliance, and Russia and France. The fact, also, that the Czar is expected to visit Berlin this week, and to remain in the city several days seems also to imply that there does not exist between Russia and Ger-many so much hostility as has been gener-ally supposed. Lord Salisbury's note to the Tarkish Gov-ermment, in regard to the permission granted to Russia to allow Russian "volunteer vessels" to pass through the Dardanelles, differs from that sent by other European powers. Lord Salisbury states that whatever special privil-eges are granted by Turkey to Russia will be considered by the British Government as being also granted to Great Britain. This means that England will, by force, if neces-sary, use the Dardanelles, should Russia use under pretense that they are volunteer ships. The meeting was addressed by Mr. Sol White, M. P. P., Dr. O'Brien, ex.M. P. for South Essex, and Mr. D. B. Odette, all of whom spoke in favor of political union with the United States. A Continental Union Club was also formed to promote the object in view. A similar meeting was held about a week before in Windsor with the same object in view. A terrific gale swept through England, Ireland, Wales, and the South of Scotland on the 14th inst., doing much damage. Many coasting vessels were lost with their crews, the total number being as yet un-known.
