

Benson's Prepared Corn.

Right in the face of all sorts and conditions of competition from cheaper brands, Benson's Prepared Corn has steadily increased in sales from year to year. If convincing proof were needed that quality counts, here's a fact worth thinking of and acting on.

Benson's Prepared Corn has maintained its lead steadily for nearly half a century. It is the standard of excellence by which the quality of all other brands is judged. It is absolutely pure Corn, prepared in the most skillful, cleanest way. It does not compete in price, but relies wholly upon its high, unvarying quality, which is steadily maintained year after year. Other brands come and go, shifting like the trade winds, but "Benson's" rests for its reputation upon the one word that has made it famous—"quality."
