Wonder how many seconds there  
are in a woman's wait-a-minute.

A luxury ceases to be one when  
we have enough money to afford it.

If we always said what we  
meant, we wouldn't say anything.

Man is like a fountain pen, use-  
ful as long as there is something  
in him.

Leaves don't fall when they are  
green, and prices don't when the  
consumer is.

It's a long road that has no turn-  
ing, and when you turn, it is the  
wrong road.

If the drivers had nimble wits  
the pedestrians wouldn't need such  
nimble legs.

Have you noticed what a lot of  
simple little things there are in  
dresses of late?

"Let us then be up and doing" is  
a good motto if we don't add the  
words "one another."

A young man who owns a sport  
car can generally get a remarkable  
number of smiles to the gallon.

The man who made his bit by  
working twelve to fourteen hours a  
day now has a son who joins the  
union.

It is only within the last hundred  
years that the tomato has come into  
general use as a food. Some people  
up to fifty years ago refused to eat  
tomatoes, believing they caused  
cancer, which however, has been  
disproved.

A Middlesex jury awarded Mr.  
and Mrs. Duncan A. Patterson, of  
Adelaide Township, \$475 and \$225  
respectively to be paid by Harold  
Clarke and David Pennington, of  
the same township, whose dogs  
rushed out to the road frighten-  
ing Patterson's horse causing it to  
run away throwing Mr. and Mrs.  
Marshall and a child into the ditch.  
The two former received consider-  
able injury from which the latter  
has not yet recovered.

Dobson approached his employ-  
er and intimated that he would like to  
take Wednesday off.

The employer turned a fierce  
glare upon him, and growled sternly  
"Look here, you know perfectly well  
that we're frightfully busy and I  
can't spare a man. Why on earth  
do you want next Wednesday off?"

Well, you see, sir," explained the  
young man hesitatingly, "I'm going  
to be married on Wednesday, and I  
should like to be there."

Those who travel about the coun-  
try in an automobile will often ask  
the question, "What town is this?"  
And he may even pass through many  
a town without knowing the name of  
the place. The Post Office De-  
partment has issued a circular in  
which it is stated that automobile  
associations have made representa-  
tions to the effect that it would be a  
great convenience to strangers trav-  
elling by auto if the name of the  
town or village were prominently  
displayed over the post office. These  
associations also state that in many  
sections of the United States the  
name of the place is displayed on  
the main road leading into the town  
or village. The advantage of this  
arrangement will readily be appre-  
ciated by everybody.

**IS JUSTICE BLIND**

A great deal of comment has been  
aroused as a result of a recent oc-  
currence in Toronto where a wealthy  
young man widely connected with  
fraternal organizations, was sen-  
tenced to 1 year in prison for man-  
slaughter as a result of the reckless  
driving of an automobile, and se-  
cured his release after serving only  
33 days. The implication is that he  
was able to get off free because of  
his wealth and position.

There are possibly some good rea-  
sons for this apparent mis-arrange-  
ment of justice but if there are they should  
be made clear. The chief of po-  
lice of Toronto, commenting on the  
case made the startling statement  
that, "there is one law for the poor  
and another for the rich. The poor  
man serves his term because he  
lacks money and friends, while the  
rich man gets out as soon as he gets  
out."

This is certainly an astonishing  
statement to come from the chief  
of police of a great city and will  
be the contention of

**School Teacher's  
Life Is Saved**

"School teacher—parents dead,  
brought here on a stretcher. Good  
progress; hope for full recovery."

Such was the meagre record of a  
patient at the Muskoka Hospital for  
Consumptives; Meagre, but how full  
of deep significance!

"I was so frightened," confessed  
the girl, her blue eyes reflecting the  
sky overhead, as she lay beneath the  
pins up there in Muskoka. "I didn't  
know what to do. I had no money,  
and, oh, I was so horribly alone."

"Think of it," and she shivered, "if  
I had not been here, I would have  
been dead—now—if it weren't  
for this hospital. But I'm not," and  
there was a ring of victory in her  
voice. "I'm getting well. Oh! I can  
hardly believe it."

Just a lonely, motherless girl, but  
how sweet that life given back to  
her!

**WHERE'S THE BRICK HEAP**

At St. Catharines a man named  
Nick Uva was sent to jail for four  
months for putting his arm around  
a prominent lady in one of the  
theatres. Possibly the lights were  
turned down and that might be  
foreign land where Mr. Uva came  
from, but he will probably learn  
while spending his vacation at the  
new Government boarding house  
that to follow "Old Nick's" prompt-  
ings is not the best course to pur-  
sue. Young men who are given to  
the practice of following the belt  
line had better take the hint or the  
goblin will get you if you don't  
watch out.—Brussels Post.

At the U. F. O. convention held  
at Toronto last week resolutions  
were passed urging that an amend-  
ment be made in the game laws of  
the province to prevent the hunting of  
dogs.

**GUARANTEE FOR "DR. HESS STOCK TONIC"**

**HORSES**—If you are feeding four quarts of grain and working your horses hard, add "Dr. Hess Stock Tonic" and at the end of thirty days cut their grain ration in half; if this does not put them in better condition and keep them better, bring back the empty pail and your money will be refunded.

**PIGS**—Start with pigs that are four, five or six weeks old; feed the contents of one pail to six pigs, which is sufficient to last for five months and twenty days. At that age we guarantee to make a net profit of increase of sixty lbs. on each pig over any record ever made without the use of "Dr. Hess Stock Tonic". Multiply the sixty lb. increase by the present price of hogs, this will give you the extra profit made on each pig through the use of "Dr. Hess Stock Tonic".

**COWS**—The increase in the milk yield must net the farmer \$20 on each pail of "Dr. Hess Stock Tonic" used.

**CHICKENS**—Pan-a-ce-a is guaranteed to increase the egg output to more than ten times pay for the cost of the Tonic. Every reliable farmer will be given a pail or more to try it out for himself. Come in and get a pail.
