WILL BE TEN NEW SEATS

Is Said that Redistribution will be decided upon shortly but Legislation may be Delayed

The West has reason to believe that on the return of Premier Scott, one of the earliest questions affecting government policy, which he will deal with will be the redistribution in this province, although owing to the municipal act which will be brought down next session, it might be found better to delay the redistribution bill till the session following, the one preceding the election. From the same source we learn that the government is practically agreed that there will be ten new seats making in all thirty-five. The larger constituencies will be cut down and one or two of the smaller ones may be added to Saskatoon city will be entitled to a representative and there will no doubt be three new seats in the north. A new seat is anticipated. While nothing has yet been decided upon, these are some of the features under consideration.

TO DISCHARGE MANY MEN

American Railways Practice Retrenchment—Men with The Dinner Pail out of Work

Chicago, May 27.—Some time ago John D. Rockefeller and J. J. Hill sounded a note in the north. The man with the dinner pail would soon see strenuous times in the United States, and it is now estimated that between fifty and a hundred thousand men will be discharged by June 1st from railways, as orders are issued that all departments be reduced to the minimum. Strict economy is ordered owing to the stringency of the money market, and, besides weeding the departments many new works and construction work are abandoned. Heavy traffic and the severe winter caused many incompetents to get on the pay roll.

C.N.R. OFFICIALS COMING

Question of Terminals to be Taken up—Regina to be Division Point

The question of terminals for Regina is now engaging the attention of the Canadian Northern, and it is understood that Messrs. Hanna, Brown and Abbott will visit the city on their return from Edmonton. With the completion of the Brandon-Regina line it will be necessary for the C.N.R. to make arrangements different from the accommodation existing at present over the C.P.R. and they will require shops and a temporary station at least. There is no doubt that Regina will be an important division point on the new system.

COLEMAN PROMOTED

Assistant to Mr. Bury goes to Mountain Division

Winnipeg, May 27.—D. C. Coleman, formerly assistant to G. J. Bury, general manager of the Canadian Pacific, left on the evening train for Vancouver, where he will confer with Gen. Supt. Busteed, with reference to the work he is to undertake as superintendent of the Crow's Nest. Mr. Coleman's headquarters in the west will be at Nelson, and he will enter on the discharge of his duties next week.

NEWTON NEWS

Seeding is all completed with one or two exceptions.
Kronau is now a village with Hy. Nuton elected as overseer.
On May 24th a lot of Regina people of Kronau, wearing the red, white and blue.
A few weeks ago we stated that L.I.D. No. 5423 was supplying gopher poison to farmers. It has been supplied, but we do not hear of any of them taking the medicine.
Mac Biecum and A. H. McLean are on a visit to Findlater.
Erasmus Laugh is busy engaged improving his park setting out more young trees.
Mr. and Mrs. H. B. Gardner, of Francis, are visiting in the district. Miss Rollins and Miss Roblin of Regina spect May 24th in Newton. That chap with the nine hole drill

is doing well, he will soon have 300 acres drilled.
Thos. Archer has taken his departure for Findlater, where he will spend the summer on his homestead. Jacob Hicks has been appointed the pound keeper for 1907.
Robert Teoport is now in quite and passable possession of the S.W. 1/4 of 2-17-17. Say, Bob, where are you going for Christmas.
Weather forecasts for June—First five days very stormy with heavy falls of snow; balance of month clear and cold with thermometer registering as low as 14 below—if you want it colder, say so.

E. A. JAMES HAS RETIRED

Tired of Railway Life, former Manager now in Private Business at Victoria

Victoria, B.C., May 25.—E. A. James, formerly manager of the C.N.R. with headquarters at Winnipeg, has arrived in the city and is to become a permanent resident of Victoria. Mr. James is retiring from active railway work and will hereafter live a semi-retired life, giving attention only to the various private interests he has acquired.
Mr. James has been in the railway business practically all his life, and

EDUCATIONAL DEVELOPMENT

The educational development of this province may be judged from the fact that at the mid-summer examinations this year there will be eleven hundred and eighty-five candidates. In 1904 there were but four hundred and fifty-three for the whole North-West Territories. At present this is one of the hard worked departments of the government.

in climbing the ladder of success has touched on every rung. For years he was with the Canadian Pacific company at Winnipeg and was chief dispatcher for that road when Canadian Northern activity commenced in Manitoba. He accepted the office of superintendent of the new railway, later becoming manager of it.

WHAT NORTH-CITY CLAIMS

Prince Albert to have C.N.R. Shops—The Bridge will be Built says later Dispatch

Prince Albert, May 28.—Prince Albert will be a divisional point on the C.N.R. The local authorities of this road have received instructions to bring in five cars of crushed stone and five cars of gravel daily.
There are now twenty cars of cement here and this material will be used in the construction of a round-house. The dispatchers headquarters will also be established here. This move on the part of the C.N.R. will bring fifty families to the city.

COAL AT SASKATOON

Alderman Calder after Steam Drill to Exploit Evidence of Fuel

Ald. Calder, of Saskatoon, was in the city Friday en route to Minneapolis to arrange for a steam drill to bore for coal in the vicinity of Saskatoon. Evidence of lignite is very strong here and neighboring city and it is thought that exploration will result in the discovery of coal in paying quantity.
The very thing which that part of the country needs is a coal mine as it would be a boon to the farmers of the extensive prairie to the north, and to the city of Saskatoon.
