The dramatic recital in College
Hall on Monday evening, July 8th,
gave a rare treat to those who were
fortunate enough to be present. Sel-
dom has a Wolfville audience had the
opportunity of hearing such a talent-
ed reader. Miss Blewley became so
completely the characters she repre-
sented that her audience seemed to
see and hear real persons in life and
action as the various scenes were vi-
vidly depicted by this unusually tal-
ented young reader. We trust that
Miss Blewley will favor us with
another evening in the near future.
The violin solo, by Miss Dorothy
Harrington and the vocal solo by
Miss Edith Woodman were much ap-
preciated.

A meeting of the W. C. T. U. will
be held on Thursday of next week,
at the home of Mrs. (Dr.) McKenna,
Acadia street. A full attendance of
the members is requested.

The Canadian Highway.

A book which is of much value
has just reached the office of THE
ACADIAN. This is a publication is-
sued by the Canadian Highway As-
sociation, and deals in an interesting
way with the work accomplished by
that body since its organization on
November 3 and 4, 1911.

It contains an interesting mass of
valuable information concerning
roads and road conditions in differ-
ent parts of Canada, but more particu-
larly British Columbia. The book is
splendidly illustrated with photo-
graphs of road scenes and of scenes at
the planting of the first post on the
west coast of Vancouver Island. Pho-
tographs of President W. J. Kerr
and his fellow officers add a personal
touch to the work.

The mission of 'The Canadian
Highway' is to educate the public to
the advantage of good roads and any-
one interested in this work may ob-
tain a copy by addressing Secretary
P. W. Luce, New Westminster, B. C.

The Tent Caterpillar.

DEAR EDITOR.—The warning given
in your last issue respecting the
menace of the tent caterpillar is timely
and well worthy of consideration.
The writer has often wondered at the
apparent indifference of many to this
species of pest. What we have wit-
nessed this summer is surely suffi-
cient to awaken all to the need of
most persistent endeavor for their ex-
termination.

Some may be under the delusion
that, since they have not been troubled
with them during this season, they
will be likely to escape from their
ravages another year.

But the brown moths are flying
everywhere and are busily depositing
their eggs. One small orchard in
this town has produced moths enough
to cause the destruction of the whole
crop of apples of the next season.

Fruit growers should commence at
once their search for thimbles or other
rewards to those who will bring them
the greatest number. The young people
might have a chance given them
for the making of more than a penny.

THE ST. HON. R. L. BORDEN, PREMIER

of Canada, has consented to open the

and Vaudeville, have this year taken
a new departure in sports, and have

ring Universities in the Maritime
Provinces in a series of Foot Races.

They are also donating prizes to be
contested for, open to all comers in
the Maritime Provinces. In a similar
series of events, as the above for boys
over 16 years old, as well as similar

complete list of events with the days
on which they will be contested will
be published next issue.

An excellent list of attractions is
being prepared for the evening enter-
tainment concluding with a magnifi-
cent display of fireworks.

Many people flocked to Kingston
on July 13th to witness the Orange-
men's parade and attend the field and
track sports. The weather was ideal
and the day's program a complete
success. The Kingston band furnished
music. Prizes to the amount of
\$25 were awarded by the Kingston
Driving Club for the horse races. The
first prize in the 25 minute trot and
pace was won by 'Lookaway Boy',
owned by Mr. Fitch. In the 3 minute

came first. The field sports were
most interesting. Loring Andrews

Severe Electrical Storm.

The most severe electrical storm
felt here in many years passed over
the Province from western Kings to
Halifax city, Thursday afternoon,
July 17th, breaking the drought which
was threatening to be serious, but
leaving in its wake fatality to life
and damage to property.

Those killed by bolts of lightning
were Mr. Byron J. Hennigar, of Wolf-
ville, Mr. Peter Alders, of Canaan
and Mrs. Henry Listman, of Cow
Bay, Halifax.

Mr. Hennigar, who was senior
member of the firm of Hennigar
Brothers, grocers and meat-dealers,
of this town, had left White Rock
after dinner to purchase a load of
lamb on the mountain. He was near
the home of Eugene Schofield when
the storm broke and he drove to the
barn for shelter. He had been in the
barn but a moment, standing near the
door with Mr. Schofield, when a bolt
struck the building, instantly killing
Mr. Hennigar and leaving Mr. Scho-
field unconscious. Both men were
thrown across the barn floor and Mr.
Hennigar was bruised down his right
side where he, bolt passed. His team
of horses was just outside the door.
One horse was killed and the other
injured. The lightning passed out
at the back of the barn taking out
the whole side of the building.

Mr. Peter Alders with his son, at
Canaan, were driving home a load of
hay at the time of the storm. Mr.
Alders was walking behind the load,
a pitchfork on his shoulder, when he
was struck dead. The fork evidently
attracted the lightning for his
shoulder was bruised and singed.

Mrs. Henry Listman was instan-
tly killed by lightning while closing
the window of an upper room in her
house at Cow Bay. A boarder named

T. L. HARVEY.

Formerly, at the house, was badly in-
jured, and the house was partly
burned.

In Wolfville two buildings were
struck, the residence of Mr. T. L.
Harvey, Main street, and that of Mr.
B. O. Davison, Summer street. At
Mr. Harvey's the bolt passed down at
the joining of the new ell with the
main building, damaging plaster and
ripping off shingles. At Mr. Davi-
son's the bolt passed down a chimney
with some damage to the plaster of
the rooms. The members of both
families were uninjured.

At Kentville the Nickel building
and the Garage received a bolt caus-
ing some damage to the buildings.
Many telephones in both towns were
put out of commission. At White
Rock the house of Charles O'Leary
was struck and considerably damaged
in the upper rooms. Other buildings
were struck, including R. S. Starr's
barn, at Town Plot, several houses
and a barn in Halifax and a house in
Windsor.

The storm broke in Wolfville at
10 o'clock, with terrific thunder and
forked lightning. The rain fell in a
heavy, fine shower for half an hour
then, and in a shower of shorter dur-
ation at 3 o'clock, wetting the earth
to the depth of one inch.
