That was fed for a time on corn and beans That will stir in triumph all equine bones, For if ever there was a cold fact it is:

-J. P. B. in New York World.

"Penny Wise and Pound Foolish." That's what men are who plod along—trying to do their business, when they feel half dead. Their eyes are dim and throb; their head aches; the children annoy them; their wives loose their charms; they lose their ambition; they make mistakes in their accounts, and the whole world looks their accounts, and the whole world looks blue; they hate themselves and every one else. And why It you feel so, why den't you stop and think a minute—or are you too stupid? Your liver and blood are out of order; that's all. You need a good regulator and tonic. Take a bottle of Dr. Pierce's Golden Discovery, and you will teel like a new man. In three days your wife will be the prettiest and sweetest woman in the world; your children's dispositions will be exactly like your own; your business will improve, and you will make money enough to pay for the "Golden Medical Discovery" a hundred times over. Don't be stubborn, but try it.

If you suffer from "cold in the kead," or from Nasal Catarrh, use Dr. Sage's Catarrh. Remedy. It cures when everything else fails.

FOR OLD PEOPLE!

In old people the nervous system is weakened, and that must be strengthened. One of the most prominent medical writers of the day, in speaking of the prevalence of rheumatic troubles among the aged, says: "The various pains, rheumatic or other, which old people often complain of, and which materially disturb their comfort, result from disordered nerves." There it is in a nutshell—the medicine for old people must be a nerve tonic. Old people are beset with constipation, flatulency, drowsiness, diarrhoea, indigestion, rheumatism, neuralejia.

rhœa, indigestion, rheumatism, neuralgia,

These diseases are of nervous origin. Paine's Celery Compound, that great nerve tonic, is almost a specific in these disorders, and by its regulating influence on the liver, bowels, and kidneys, removes the disorders peculiar to old age. Old people find it stimulating to the vital powers, productive of appetite, and a promoter of digestion.

Sold by druggists, \$1.00. Six for \$5.00, Send for eight-page paper, with many testimonials from nervous, debilitated, and aged popple, who bless Paine's Celery Compound.

mar21 CHARLES MOORE. Grindstones.

10 Tons Baje des Chaleurs Grindstones. Weight from 50 to 100 Pounds Each For Sale Low. J. R. AYER.

"I can see here," he foundly whispered,
As he sat by the far camp fire,
And read and read her letter
With heart that could never tire,
"I can see her true eyes skining
As she leans on her little hand,
And gazes and dreams about me
Here in this distant land!"

Her Letter

"So here I am writing at home, dear,
And you so far away,
And, when you read the letter,
I wonder what you will say.
The green leaves whisper around me,
The nightingales sing above,
Just as they did that day, dear,
When you teld me all your love!"

The bugle rang out at midnight,
The fight was lost ere mora,
He fell, with his old batallion,
Leading a hope forlorn.
While at home the sun is shining,
And the roses of June unfold,
But the maiden is quitely weeping
As she dreams her dream of old.

NOT A CONTRACT.

Some years ago I visited an insane asylum in one of the Eastern States which was under the charge of a medical gentleman who for convenience I will call Dr. Clayton.

I will not locate the institution, because as the facts I have to relate are still fresh in the memory of many, the parties interested might be caused Whitewo'd to them.

insane human nature.

not unlikely that he was the general superintendent, having full charge of the institution in Dr. Clayton's absence. I hinted as much to him, and he smiled, and did not deny it, which fully confirmed me in the shrewdness of my conjecture.

As I left this gentleman's depart.

As I left this gentleman's depart.

The whole in the style of locometive cylinders. They are supplied with steam from a leon-motive type boiler. The wheels, the engine for driving it, are all mounted on an eight-wheeled car. The rotary is under the charge of a pilot, who
