Dorchester, Oct. 8th, 1870.

Farm and Stock for Sale. THE subscriber offers for sale his Farm at Point Midjic, Sackville, consisting of 170 acres of Upland and 30 acres Marsh, in prime order; two large Barns and a comfortable House, and a good well of water on the place.

THIS is warranted to be a good preparation, excellent for patients who are pale and emaciated. The subscriber has prepared the Chemical Food long enough to prove that it is better than any similar medicine of the kind. It was first introduced by Panish, the celebrated chemist. It contains iron, soda, lime, potash, phosphorous, &c., which are all known to be constituents of healthy blood. Physicians order it. The recipe is published. It is put up in phials 40e., 70e., 80e., and \$1,00, with directions. The taste is agreeably acid.

Harper's Bazar. A supplement containing numerous full-sized patterns of useful articles accompanies the paper every fortnight, and occasionally an elegant colored Fashion Plate. HARPER'S BAZAR contains 16 folio pages of the size of "Harper's Weekly." printed on superfine calendered paper, and is pub-lished weekly.

. C. itical Notices of the Press.

Tost.

The Bazan is-excellent. Like all the periodicals which the Harpers publish, it is almost ideally well-edited, and the class of readers to whom it is intended—the mothers and daughters in average families—can not but profit by its good sense and good taste, which, we have no doubt, are to-day making very many homes happier, than they may have been before the women began taking lessons in personal and household and social management from this good-natured mentor.—The Nation.

It has the merit of being sensible, of conveying instruction, of giving excellent patterns in every department, and of being well stocked with good reading-matter.—Watchman and Reflector.
