Considerable made by the Legislative Council, Mr. thrust out his head and shoulders, vowing might look over my shoulder, you rude reduction will be made in the expendi- Palmer in the chair. Mr. Blair said that that he was on the verge of suffocation; boy! I'll come directly. I have only ture proposed, mainly in the direction sec. 12th of the bill that passed this House, which had so evidently been thoroughy the true, complete history of Court Beaustanding, instead of tearing down and regulations was to be borne by the city, examined over and over again in years court's Treasure, and how it was lost and building new ones. As soon as the plans town or municipality in which such reare decided upon work will be commenc- gulations were in force. The council ed on the machinery and plant. Very had added an amendment as follows: few of the large tools such as lathes and "To be reimbursed wholly or in part by steam hammers necessary for the finishing the government if the governor-in-counof heavy ordnance, can be purchased in cil may see fit." In passing this amendthis country, so that it will be necessary ment the council had infringed on the Figures "surely are enough to startle every business man, every friend of the member to have seen it, and I've been have found it long ago if it had been hid-

offering the following resolution in that

LEGISLATIVE COUNCIL. MORNING SESSION.

New Brunswick government was entitled submitted report of special committee on to \$400,000 in 1869 on account of this Caraquet railway, with evidence taken Conflicts of authority between the Sec- claim, when it was forced under pressure on the subject of certain land claims.
